# Macmillan Ends Talks Confident of Success

## SEARCH FOR FUGITIVES IN THIS STATE

GREENVILLE, Pa. (AP)—Three men and a woman believed to be the four who escaped from a Youngstown, Ohio, jail Monday—held up a service station at Maysville near here today and got away with \$50.

Andrew Rerko, the service station attendant, said that at gun point he was tied up and put in a women's washroom. He said the men wore blue coveralls—apparently jail clothes—and the woman sat in the back seat of a 1956 Buick.

A car matching that description was stolen from Maple Heights, a Cleveland suburb, shortly after another car was abandoned there this morning.

The service station is on Pennsylvania Highway 358, just six miles east of the Ohio line. Earlier, law enforcement officers concentrated their search in the Cleveland area after finding a station wagon, the second car used by the fleeing quartet.

A man said he saw the station wagon in Maple Heights Monday night and that a man and a woman walked away from it at 11:30 p. m. The car was found at 7 a. m. today.

The escapees—three men and a woman—used an auto owned by one of the Mahoning County jailers to make their getaway Monday. That car was found abandoned on a county road near Ravenna, Ind. It was the master keys to the jail.

Shortly after finding that auto, the Portage County sheriff's office said it learned the fugitives switched to the station wagon.

## Unemployed Sell Apples in Flint To Finance Trip

FLINT, Mich. (AP)—The United Auto Workers Union reported today it took in \$450 from the sale of apples in downtown Flint to send a delegation of jobless workers to the AFL-CIO unemployment demonstration in Washington April 8.

In this automotive center about 13 per cent of the labor force is unemployed. The labor force in the Flint area is about 140,000 persons.

The apple sale was staged the day before a Buick layoff of 4,500 workers at its Flint plant. This will result in the layoff of 1,000 workers at a Fisher Body plant here and about another 100 at General Motors' Termostadt plant which makes hardware for cars. Earlier this year Buick laid off 2,400 workers in adjusting production to sales.

## Elizabeth Duncan May Hear Her Fate Today

VENTURA, Calif. (AP)—A judge is expected to rule today on whether convicted murderer Elizabeth Duncan was sane when she hired two tavern roustabouts to kidnap and strangle her pregnant daughter-in-law.

Superior Court Judge Charles F. Blackstock will decide Mrs. Duncan's sanity on the basis of reports already submitted by two court-appointed psychiatrists.

A jury of eight women and four men convicted the plump, matronly Mrs. Duncan of first degree murder and set the penalty at death in the gas chamber at San Quentin prison.

Mrs. Duncan, 54, had pleaded innocent and innocent by reason of insanity.

## Legion Announces Program For Annual Easter Egg Hunt

With the approach of Easter vacation, which begins when the last bell rings tomorrow, many children in the area are anticipating two big events on the season's calendar—Easter Day itself and the Saturday before when the traditional Easter Egg Hunt sponsored by Chief Cornplanter Post, 135, American Legion, gets under way.

Again this year, the hunt is scheduled for 2:00 p. m. at War Memorial Field and thanks to many merchants contributions have reached the 700 mark with plenty of prizes awaiting the youngsters who participate.

## Drawings for Positions by Candidates Excite Interest

Despite unofficial rumors to the contrary, all announced candidates for county offices stayed put with no petitions withdrawn yesterday and drawings for positions on the ballot for the May 19 primary election, held at 11:45 a. m. today at the court house, should touch off what promises to be one of the hottest campaigns for county offices seen around these parts for quite some time.

Balloting positions were drawn as follows: County Commissioner—No. 1, Clarence Akeley; No. 2, Chris Yutze; No. 3, Blain Mead; No. 4, L. L. Johnson and No. 5, Frank Darrow—all seeking the office under the Republican banner. In the Democratic corner—No. 1, William Martin; No. 2, Mark Summerson; No. 3, Lewis Crippen; No. 4, Ervyn Branch.

For Register and Recorder and Clerk of the Orphan Courts—No. 1, Gurney Ball; No. 2, Robert Geiger, both Republican candidates. Vinton Finzer, Democratic candidate has no opposition in party ranks for nomination.

For Prothonotary and Clerk of Courts—No. 1, L. E. Linder; No. 2, Ralph E. Sires; No. 3, Robert Ritchie; No. 4, Warren Lowe. Democrat Robert Meelen is the only candidate on that ticket.

For Treasurer—No. 1, William E. Rice; No. 2, Ralph Dyke. In the Democratic ranks, John Salamon has no opposition.

For Sheriff—No. 1, Sanford Secor; No. 2, Pat Ferrie; No. 3, (Turn to Page Fourteen)

## Competitive Scramble Is on for Engineers

NEW YORK (AP)—Hotly competitive companies have begun their annual scramble to lure electronics engineers from each others' staffs.

Four days of raiding started Monday with the opening of the annual convention of the Institute of Radio Engineers.

Scores of personnel agents sat in hotel suites, waiting for a knock on the door.

Their quarry was the engineer who was fed up with his present job or the boss, the man who sought a bigger challenge to his abilities or the man who wanted more money.

## New Outbreak Reported in Tibet Capital

By WATSON SIMS  
NEW DELHI, India (AP)—Reports from the India-Tibet border today told of fresh fighting in embattled Lhasa, with Tibetan freedom fighters using light machineguns they captured from Red Chinese troops.

The sketchy reports from the Indian frontier town of Kalimpong gave no other details of the new outbreak in the Tibetan capital, where crowds of Tibetans attacked Communist occupation troops March 20. Rebellious tribesmen in the countryside have been fighting the Red occupiers for months.

Official sources in New Delhi said they had no word beyond Monday's statement by Prime Minister Nehru, who told Parliament the fighting in Lhasa apparently had subsided but that the situation was "delicate."

Red China kept silent about the reported revolt. Peiping radio talked about farming and industrial progress in Tibet under Red auspices, an apparent attempt to make light of revolt reports.

Nationalist Chinese officials on Formosa said they had received intelligence reports direct from Tibet saying Lhasa was in a state of war with some 25,000 rebels massed near the capital.

Li Yung-hsun, a member of the Nationalist Chinese Cabinet, said rebel reinforcements were reported marching toward Lhasa from (Turn to Page Fourteen)

## Victim of Fights After Big Game Leaves Hospital

PHILADELPHIA (AP)—A teenager who was beaten unconscious by a group of boys after the state high school championship basketball game Saturday, has been discharged from Philadelphia General Hospital.

Thomas Maher, 15, of Gungston, left the hospital Monday after undergoing treatment for cuts and bruises and tests for other possible injuries.

He and some other Kingston boys were attacked as they left the university of Pennsylvania's palestra. The boys, all of them white, had come to the game on a school sponsored trip.

Eight Negro teen-agers from nearby Chester, charged with the attack, were turned over to Delaware County authorities Monday by Judge J. Sydney Hoffman.

Using information supplied by the eight, police arrested three other Chester Negro boys Monday night. They also were charged with aggravated assault and battery. Nine of the 11 now in custody attend Chester High School. One is a junior high student and the other does not attend school.

At a rally sponsored by the Pennsylvania Retailers Assn. and the Allentown Chamber of Commerce's Retail Division, William Hager, president of the Retailers Assn. for the Central Area of Eastern Pennsylvania, urged those present to:

1. Promote the bill in their areas.  
2. Name committees to coordinate the work.  
3. Contact local members of state legislature and urge them to support the bill.  
4. Sell each retailer and store employee on the idea of writing to state senators and representatives about the bill.

At a meeting here last night 112 Fayette County farmers took unanimous action. They are members of Local 733, Milk Producers, Handlers and Producers Distributors Union.

## Soviet Protest Over Cable Break Rejected

WASHINGTON (AP)—Rejecting a Soviet protest, the United States contends it has evidence strongly indicating a Soviet trawler broke five transatlantic cables last month.

In a note to the Kremlin Monday, the United States said Moscow had no basis for protesting the boarding of the Soviet trawler Novorossik by a U.S. Navy party of Newfoundland Feb. 26.

After a brief search of the trawler, the Navy group commander said there was "no indication of intentions other than fishing."

Monday's note did not allege any willful cable cutting, but said the vessel's trawling cable, used in fishing, was long enough to reach bottom. It said broken sections of the trawling cable, found on the trawler "were shredded and frayed and appeared to have parted as a result of a sudden strain."

## Separated Siamese Twins Are Critical

LONDON (AP)—Ten-month-old Siamese twins Timothy and Jeremy Thackeray, separated in a delicate 9½ hour operation, remained in critical condition today.

Hospital authorities had warned after Monday night's surgery that it might be several days before doctors could tell whether the twins, born joined at the head, would survive.

The twins were born three weeks premature last May to Mrs. Reginald Thackeray, 35, wife of a suburban bank manager. A third boy born with them, Peter, is normal.

## Tennessee Mine Blast Kills Nine In Family Circle

ONEIDA, Tenn. (AP)—This small east Tennessee town, where kinship bonds are strong, was hit hard by an explosion in a family mine that killed nine.

All nine men killed Monday in the mining accident at Robbins, 15 miles south of here, were related by blood or marriage. The victims all lived in or near Oneida.

"Every one of them was related to me except Elmer Phillips," said Lee West, director of the Oneida Funeral Home. "And he was related to my wife."

A spark from an electric motor is believed to have caused a pocket of gas to explode shortly while the mine ventilating system was turned off over the weekend.

W. O. West, a partner in the small truck operation, was the only witness and the only survivor. He was standing at the mine tippie, where he heard the explosion and saw smoke roll out of the mine shaft.

His brother and partner, Oscar, 47, was one of the victims. (Turn to Page Fourteen)

## Penn's Republicans Have Fund Raising Plan

HARRISBURG (AP)—The counsel for a legislative committee investigating a Luzerne County mine disaster said today the group will meet soon to consider possible contempt action against a union official who refused to testify at the probe hearings.

Counsel John Fullerton said he informed the committee that August Lippi ignored its orders to give reasons for his refusal by the close of business Monday. Lippi, District 1 president of the United Mine Workers of America, declined to answer questions at a committee hearing last week in Wilkes-Barre.

"I did not receive any oral or written word from either Mr. Lippi or his counsel as of the close of business today either to the effect that he (Lippi) changed his mind and would testify or, in support of his refusal to testify," Fullerton said Monday night.

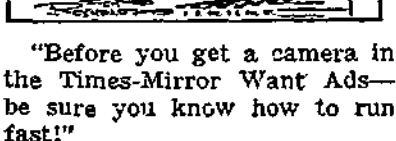

"Therefore, I reported this back to the committee. The committee will now decide whether to hold him in contempt."

Fullerton added, however, that the possibility of contempt proceedings would be dropped if Lippi agrees to testify.

## Lawrence Seeks Bipartisan Backing for Stalled Bill

HARRISBURG (AP)—Gov. Lawrence called House Republican and Democratic leaders into a meeting today to seek bipartisan support for the stalled sales tax bill.

Rep. Stephen McCann, Democratic floor leader, said prior to the meeting. "The bill as it is now written could not be passed entirely with Democratic votes."

Seventeen Democrats bolted party ranks last week to vote against the bill, keystone of Lawrence's program to raise an additional 400 million dollars in revenue in the 1959-61 biennium to balance his \$1,907,000,000 budget.

Republicans also refused to support the bill in an initial roll call. The 98 Republican and 17 Democratic votes left the Democratic leadership with only 90 votes for the bill—16 short of the constitutional majority required for passage.

The Republican leadership declined to state its position on the proposal before the meeting scheduled for 2:30 p. m.

McCaarin said the so-called hard core of rebels in his ranks is less than 10. Legislators in some counties, however, will refuse to vote for the proposal as long as some other members of their county delegation continue to vote "no," McCann added.

In the roll call last week, three Democrats each from Washington and Westmoreland counties and two from Cambria County voted against the bill. The other nine negative Democratic votes were spread among nine counties.

McCann said a new timetable for bringing the sales tax measure before the House would be worked out after today's meeting. He has five legislative days to call up the bill for another vote. The House returns next Tuesday, March 31, and will meet April 1, 6, 7 and 8.

## Baby With Heart Condition Raced 700 Miles for Aid

HOUSTON, Tex. (AP)—An infant girl with a defective heart arrived here Monday for treatment after a 700-mile race from Missouri by automobile.

Police along the way from Joplin, Mo., to Houston cleared the highway for Mrs. Gale Evans, her 7-week-old daughter, Donna, and the baby's grandmother, Mrs. Ralph Chrisman.

Police Lt. Weldon Davis of Oklahoma City, who drove the 500 miles between Oklahoma City and Houston, said, "It was just like being on a turnpike. Officers in every little town were waiting for us, clearing the highway."

Donna weighed only two pounds at birth and has gained only six more. She is seriously ill but her (Turn to Page Fourteen)

## Phony Canvassers Are Using Graham Crusade

MELBOURNE, Australia (AP)—An aide of Billy Graham warned Australians today against phony canvassers who have been going from house to house soliciting money in the name of the American revivalist's crusade.

"At no time has the crusade canvassed for funds, nor has it any intention of doing so," declared John Robinson, secretary of the crusade.

Graham finished his Melbourne crusade more than a week ago and is vacationing on the Queensland coast before holding more meetings in Australia. Expenses of the Melbourne crusade—\$171,000—were covered by offerings at the meetings and donations from local backers.

## Rescuers Lose Long Battle To Free Trapped Freshman

## SAYS WEST FACED WITH TOUGH TASK

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—British Prime Minister Harold Macmillan headed for home after his talks with President Eisenhower today predicting "we shall succeed" in negotiations over Berlin.

He conceded the West faces "a tough task" in dealing with the Soviet Union.

Macmillan left in apparent confidence that the strategy for negotiations leading toward a summit conference, worked out with Eisenhower, will avert a military showdown over Berlin.

In a departure statement at the airport he recalled that he had said on arrival here Thursday that disputes between the Soviet Union and the Western powers should be settled "by negotiation and not by force."

"I have no doubt," he said today, "that so long as we stand firmly by our principles—as we shall do—the free world has everything to gain from being ready to negotiate."

Macmillan said he was grateful to Eisenhower for his hospitality and that he considered the informality of Camp David, Md., a better background for discussing world problems than the more formal surroundings of most conferences.

The main talks were held over the weekend at the secluded and guarded presidential retreat in the Catocin Mountains.

Macmillan said goodbye to Eisenhower in a meeting at the White House late Monday. Those who headed the official farewell party at the airport this morning were Vice President Richard M. Nixon and Acting Secretary of State Christian A. Herter.

In his discussions with Eisenhower, Macmillan is reported to have outlined his personal view that Western leaders should look forward to not just one but a number of East-West summit conferences. However, he concentrated on getting the President's agreement to project a summit session for the summer, following up an East-West foreign ministers meeting which now seems virtually certain to open at Geneva May 11.

Even before then, these moves are in prospect:

## Pope Will Wash Feet of 13 Men Holy Thursday

VATICAN CITY (AP)—Pope John XXIII will wash the feet of 13 men, instead of 12, on Holy Thursday, reviving a legend dating from Pope St. Gregory the Great in the 6th century.

The 13th pair of feet, according to the legend, were the feet of Christ.

According to the story, Pope Gregory bent to wash the feet of 12 beggars brought in from the streets of Rome. After he had washed the feet of 12 men a 13th man still waited. The pontiff, according to the legend, then realized that the 13th person was Jesus and in awe again bent to wash His feet.

The ceremony had fallen into disuse in modern times.

The Vatican announced today that Pope John will wash the feet of 13 student priests when he participates in the ceremony. Earlier the Vatican had said that the Pope would wash the feet of a dozen poor men or beggars.

## Report Made on District Meeting Of Credit League

Leo L. Gleese, of Warren, was reelected to a two-year term as a director of the Pennsylvania Credit Union League for District Two at the annual meeting of Allegheny Valley Chapter at Kane. The election was conducted by Harold H. Brown, Erie, representative from the League.

Officers elected were Joseph F. Connolly, Port Allegheny, president; Charles Sallade, Ridgway, vice president; Raymond Ward, Bradford, treasurer; Mrs. Otis Church, Roulette, secretary. Attending the training sessions afternoon and evening for auditing, accounting and management of credit unions were 68 officers from 20 credit unions in a six county area. Training sessions were conducted by John A. Bickel and James P. Adrien, Erie; Gordon Botera and M. Connolly, Fort Allegany; Mrs. Gleese, Warren. Case problems were worked, and a true and false quiz on credit union law conducted. Time for the annual meeting of the Chapter was changed from March to October.

During the business session, various resolutions to be presented at the League convention in Pittsburgh in April, effecting credit unions in general, were considered. Reports were received from the president, treasurer and League director. It was announced Mr. Anderson would succeed Mr. Bickel as League Fieldman for this area. Mr. Bickel has accepted a position with the organizational department of the Credit Union National Association at Madison, Wis.

## A. P. Critic Pays Fine Compliment To Green Pastures

By CHARLES MERCER  
NEW YORK (AP)—There must be rejoicing in heaven as well as on earth over Monday night's production of "The Green Pastures."

A fine Negro cast under the sensitive direction of George Schaefer presented Marc Connelley's classic on NBC-TV with moving reverence and lyric joy.

For "Hallmark Hall of Fame" to offer "The Green Pastures" a second time in two years was an inspired idea. Its expression of simple, joyful religious faith is specially compelling in a complex, lugubrious age.

From the moment when the De Paul chorus burst into "Rise, Shine, Give God the Glory," one felt that the children of a country Sunday School might have a firmer grasp on truth than many of our greatest metaphysicians.

William Warfield was grand as De Lawd. After the angel Gabriel, delightfully played by Terry Carter, yelled "Gang way! for the Lawd God Jehovah!" one was in a dramatically persuasive presence.

It seemed to this viewer that Eddie Anderson brought even greater stature to the role of Noah than in his performance last year. Earle Hyman in the dual role of Adam and Hezrel, and Frederick O'Neal as Moses were excellent.

Planters in Brazil are now using their once dominant coffee plantations to raise some cotton and sugar cane.

## Car Snatcher Caught: Via Trackdown Method

Borough Police incorporated their local version of TV's "Trackdown" for the second time in recent days Monday evening, in catching a youthful car thief.

At 9:30 p. m. Monday, Joseph Papaba, 1423 Pennsylvania avenue west, found his 1950 Chevrolet missing from its place in the rear of his home. Someone noticed the auto going up the avenue seconds later.

A police cruiser was hailed and the trackdown began, finally ending about two and a half hours later at the culprit's residence. Police identified the youth as 18-year-old Kenneth Ellsworth.

Arraignment was due sometime this afternoon before justice of Peace Martha Lawson. First local use of the trackdown was put into service over the past weekend when three young dog snatchers were apprehended near their Venture-town hide-away.

Youngsville Will Have Students In Heart Competition

YOUNGVILLE — In the interest of educating the public in heart disease, Warren County Heart Association is sponsoring a contest this year for students of Warren county schools. All students from the eighth grade and up are eligible.

Number of participants to be chosen from each school was determined by the population of the school. Youngsville was given permission to enter six aspirants.

The elimination test in Youngsville was held Friday, with 25 people participating. The study program, and the test, were conducted by Shirley Brothers, local physical education instructor. Those who qualified to represent Youngsville were Thomas Craig, Garry Borton, David Phanco, Peggy Sherwood, Linda Forsberg and Judith Maasz.

Final test for county honors will be given in Warren at 10:00 o'clock Saturday, April 25, with the following prizes awarded: First prize, \$100 Savings Bond; second, \$50 Savings Bond; the next five to receive a \$25 Savings Bond.

Contest winner will be announced by media of the press and radio on or about May 15.

In Erie all day Saturday attending the United Nations Model General Assembly meeting at Gannon College, under sponsorship of O. B. Borton, were 11 history students from Youngsville High School. Over 50 from different places participated, which was the largest attendance they have ever had, and it proved to be a very successful meeting. Thanks are extended Mrs. Kenneth Franklin, Mrs. Gordon Kay and Mrs. Howard Jordon for providing transportation.

Twenty-four members of the Methodist Choir, with husbands, wives and escorts, and Rev. and Mrs. J. Norman Holder, were in attendance at a shower party at the home of Mr. and Mrs. Darrell Pierce, College street, in honor of Shirley Egbert and Larry Darrow, who will be married in the near future. The evening was spent playing games. The honored guests received a purse of money and a "white elephant" gift. A pink color scheme was used, and lunch served by the host and hostess, assisted by Mr. and Mrs. Robert Jewell.

Heart Research Program

Published as a Public Service, for the Warren County Heart Association

This is the first of a series of special research feature stories based on American Heart Association - supported studies. This report is typical of the kind of studies that are being conducted as part of the national research program to which the Warren County Heart Association contributes.

That serious heart disease may go unsuspected and undetected for long periods of time is made dramatically clear in a current investigation of sudden and unexpected death in apparently healthy people.

The study, which is still in progress, is being conducted by Dr. Milton Helpen, Chief Medical Examiner and Dr. Sidney Weinberg, Assistant Medical Examiner, of New York City. It is based on the examination of more than 100 hearts of persons who died sudden and unexpected natural deaths. Among them were a well-known actor, and an eminent physician, as well as taxi-drivers, salesmen, workmen and businessmen.

According to Drs. Helpen and Weinberg, their findings indicate that most of the "sudden deaths" in these apparently healthy people were due to progressive atherosclerosis of the coronary arteries. In this condition these arteries gradually become clogged, depriving the heart muscle of the blood supply it needs in order to do work.

In some cases of progressive atherosclerosis, a narrowed artery may suddenly be closed by a blood clot, producing what doctors call a coronary thrombosis. It is estimated that four

out of five victims of such an attack survive the first one. In most of the cases studied by Drs. Helpen and Weinberg, the finding of a fresh blood clot was uncommon. Instead, death in most cases was attributed to the gradual advance of atherosclerosis with eventual shut-down of vital arteries. The results of the study thus imply that many cases of death certified as due to coronary thrombosis should be attributed instead to what Drs. Helpen and Weinberg termed "progressive occlusive atherosclerosis".

The study of Drs. Helpen and Weinberg significantly underscores the need for research to provide better methods of identifying persons with such "silent" atherosclerosis.

**"In 18 years I never had to use my Blue Cross," says Mr. Frank Dymkoski. "But then when I really needed it, Blue Cross covered my entire bill of \$1,271.25!"**

Mr. Dymkoski's first and only need for Blue Cross coverage was an emergency. Rushed to the hospital one day last year with a rheumatic heart condition, he was there 44 days.

He received, in his own words, "the finest attention I could have got anywhere in the world... simply wonderful." And Blue Cross took care of the full cost. The hospital bill was \$1,271.25.

"Without Blue Cross, I'd have had to mortgage my house," Mr. Dymkoski says. "Blue Cross gave me peace of mind and actually helped me get well."

You, too, can have relief from worry about costs when you

### AN EASTER APPEAL

As Easter approaches, people all over the Christian World think of the joy of this season and express that joy in doing what they can to help those less fortunate than themselves.

What better way than to help Crippled Children?

Wherever you may live in Warren County there is a child near you who has, at some time, been under the care of the Warren County Crippled Children's Committee—and who is today a healthier and happier child because of this care. OR, maybe that child today is a healthy adult with children of his own.

Your purchase of Easter Seals in the past has made this care possible, and now it is Holy Week—Easter Time again—the time when all of us are given the priceless opportunity of doing something for these crippled children.

The Warren County Crippled Children's Committee, in conjunction with the Pennsylvania and National Societies for Crippled Children is conducting its annual Seal Sale, and the Seals you buy will help some unfortunate child to walk, talk, or hear normally.

### PLAQUE FOR CENTENARIAN

The Pennsylvania State Medical Association today paid tribute to Mrs. Abbie Lewis, 115 Frank street, whose April 1st birthday this year marks an exemplary lifetime numbering 101 years. Mrs. Lewis resides with her son, Ray, prominent in Boy Scout work in the community, and although unable to see much of the world around her, is remarkably alert and well aware of passing events. The local lady was awarded a plaque, the third of its kind to be given in the area. Dr. Follmer Yerg, her personal physician, made the presentation. We add our sincere commendation.

Gov. Dave Lawrence has proclaimed April first Free School Day in Pennsylvania in observance of 125 years of free public education in the Commonwealth.

It would be well for shoppers to keep in mind that local stores will remain open all day tomorrow and be closed during the Three-Hour Services on Good Friday.

Only three more days to complete your Easter shopping!

## WORLD TODAY

By JAMES MARLOW  
 Associated Press News Analyst

WASHINGTON (AP) — Their handling of their foreign ministers—and their attitude toward a foreign ministers meeting—is a prime example of the difference and Soviet Premier Nikita Khrushchev.

Khrushchev treats his foreign minister, Andrei Gromyko, like a bookkeeper in charge of small details. Perhaps no president in history ever depended more on his Secretary of State than Eisenhower on John Foster Dulles.

It is hard to imagine Khrushchev at a loss for a word or an idea at a summit get-together if Gromyko never showed up. He already has dismissed as a waste of time a foreign ministers meeting before a summit conference.

Dulles has been Eisenhower's strong right arm in foreign affairs. It is doubtful, because of his cancer, that Dulles can go overseas to a summit meeting with the President.

To be sure, Eisenhower, before he goes, will be well briefed on details by his State Department aides and perhaps by Dulles himself.

But on a minute by minute basis that won't be the same as having Dulles with him. The President respected Dulles' judgment, relied on him, listened, was guided by him.

It is no wonder Eisenhower, contrary to Khrushchev, until recently had insisted that any summit meeting must be preceded by a foreign ministers conference which showed some progress and agreement before the top men met.

If Eisenhower now seems to be attaching less importance to a foreign ministers meeting it may be due more to Dulles' illness than to any argument by Khrushchev or influence by British Prime Minister Harold Macmillan.

Besides reliance on Dulles, here's another good reason why Eisenhower should put much store in a foreign ministers meeting as preliminary to the summit conference. Reliance on foreign ministers to work things out has been

a traditional method of Western diplomacy, not summit meetings. There are broad differences also between the President and the Russian premier.

The chubby, bald, extroverted Khrushchev — if he had been raised in this country — would have been called a pusher. He has been pushing all his life. He is an innovator and an experimenter. Eisenhower, although he can play smash-bang politics at campaign time, is essentially a traditionalist and a conservative. He has done no innovating socially or economically here at home. He is a preserver.

His long and successful military career by itself alone would have been an enormous force in making him a respecter of tradition.

Khrushchev, on the other hand, pushed his way up through the cannibalistic ranks of the Communist party. Once at the top he kept pushing. First, he pushed aside the traditional idolatry lavished on the memory of Stalin; next he showed aside his co-equals, the other heirs of Stalin, like Molotov, Malenkov, Bulganin, Beria.

Meanwhile, he was trying to push the world in the direction he wanted — toward communism. He has done it with threats, with arms in Hungary, economic aid to the backward countries, infiltration in the Middle East, and blandishments toward the rest of the earth.

He has butted heads with Communist party big-wigs to send Soviet economic development spurting ahead. He even talked — but stopped talking after the Hungarian revolt — about letting Communist parties elsewhere relax.

Now he is determined to shake loose the East-West deadlock which has existed in Germany since World War II.

The summit meeting will be a conference between a rambunctious, daring but shrewd man and a conservative who has no revolutionary ambitions but is determined to preserve what the West holds, yielding not an inch to the advantage of the Soviet Union.

## Here and There

Fuzzy little chicks, ducks and rabbits, colored in bright pastels for Easter, are temptations for youngsters to consider and treat them like toys, contends a bill which has been introduced in the General Assembly at Harrisburg. The bill proposes that sale of the colored birds and animals be prohibited. It would not affect the sale of non-colored chicks, ducks and rabbits. Alan C. Gregg, manager of the Western Pennsylvania Humane Society, calls the bill "a step in the right direction."

The board of managers of the Pennsylvania Congress of Parent and Teachers is on record as opposed to a statewide referendum legalizing horse racing, betting and lotteries. A statement by the board, issued over the weekend, says it feels "this is a matter for legislative decision." The communication says further: "The Board is opposed to authorizing horse racing, betting and lotteries in Pennsylvania. Gambling results in economic and social problems which are repugnant to the principles of our organization. Concern for the welfare of children and youth requires emphasis that gambling is offensive to our goals and programs for them. Members of the Board do not believe legalized horse race betting will provide additional sources of revenue. Revenues from betting and lotteries are not consistent with the broad tax program which the Pennsylvania Congress supports."

Members of the Jewish faith in Warren and throughout the world are celebrating Purim, the Feast of Lots, which started at sundown last evening and will end tonight. This is a merry holiday, celebrating the deliverance of the Jews in Persia from the bigot, Haman, thought the efforts of Mordecai and his niece, Queen Esther. The story is found in the Bible in the Book of Esther. The word Purim means "lots", and refers to the way Haman decided on what day to carry out his

plan to kill the Jewish people before Mordecai and Esther teamed to thwart him. The main feature of the Purim holiday is the reading of the Megillah, the Scroll of Esther, which relates in detail the events leading to the fall of Haman. It's also a day when gifts are exchanged and charity is dispensed to the poor!

According to a paragraph in the "Daily Reflections" column of the Evening Mirror of fifty years ago today: "The Allegheny river is at rafting stage and lumbermen are taking advantage of the rise in waters to get their products to the market. A fleet of 13 barges from Tionesta ran down as far as Oil City Saturday night and tied up there on account of the high wind that prevailed, preferring not to take any chances on going down the river at night with a gale blowing. The barges will be run down the Allegheny, and then the Ohio and sold in the southern market."

Here's another from the same column bearing on the Easter season of 1909: "Probably never before was there such a magnificent display of goods as seen at the C. H. Smith company store, the establishment of C. E. Metzger and company, and the Stein Women's Shop, all of whom had their spring openings either Thursday night or today."

The following information on the subject of "Allegheny Reservoir Eastern Shoreline" appeared in a recent issue of The Salamanca Republican-Press: "The entire right side of the impounded waters (above the Kinzua dam) would be available for recreational purposes during the summer months." Supervisor Franzen of the Allegheny National Forest on Wednesday told a group in Bradford assembled to organize support for the project. Although Mr. Franzen did not so specify, he obviously was speaking of that part of the prospective lake on the Pennsylvania side of the state

line. By "right side" he presumably meant right to one facing upstream—that is, the east shore. This land is part of the Allegheny National Forest, which adjoins, on the Pennsylvania side of the state boundary, Allegheny State Park on the New York side. The shoreline of the Allegheny Reservoir above Kinzua would be irregular, as shown on maps published in this paper in July, 1956. The crest of the Kinzua dam is to be at elevation 1363. Control level has been established two feet higher, at 1365. The contour line 1365 thus circumscribes the entire reservoir that the dam would create. At full reservoir stage, the village of Kinzua would be under one hundred feet of water. The Kinzua creek arm of the reservoir would extend up the Kinzua valley more than ten miles from the present river road. The 1365 contour line crosses the Kinzua creek near Little Mead Run, five or six miles above Morrison. The Sugar Run arm would extend up that valley some two miles. The 1365 contour line crosses Sugar Run above Nelse Run. There would be a smaller indentation of the shore line at Whiskey Run, and another large arm would extend up Willow Creek. The 1365 contour line crosses that valley about two miles upstream from the Pennsylvania railroad tracks at Corydon. On the New York side of the state line, the shoreline on the "right side" (east shore) would lie in the Allegheny State Park area. The Allegheny National Forest Supervisor is impressed by the recreational opportunities that

## Business Mirror

By SAM DAWSON  
 AP Business News Analyst  
 NEW YORK (AP)—For many industries the first quarter of 1959 is bowing out gloriously. The outlook for the spring months is bright.

But many economists today are taking a gloomy view of business this summer.

Fear of major labor troubles is in the forefront of their thinking. The industries sparking the business recovery in recent months will have to have help from other sources if the momentum is to carry much farther. These other sources show little signs of contributing any more than they are now.

Biggest gains just now over a year ago are in the hard goods industries. This is partly due to a widespread drive to get ready before the labor troubles break.

Hedging against strikes is pronounced in the metal industries. Steel mills expect to ship one fourth more steel this first quarter of 1959 than in the last three months of 1958.

Steelmen are counting on a good spring pickup in demand from other quarters such as construction. They hope for a continuing good or better demand for autos during the spring. This could tide the steel industry over nicely till the end of June when its union contracts expire.

If this estimate seems large, two facts should be remembered: (1) there has been a great increase in recent years in the number of persons attracted to national parks and national forests; and (2) the Forestry Service keeps records to afford factual basis for its appraisal of tourist trends.

### REGULAR CHECKUPS FOR WOMEN

Many Hospital and surgical insurance plans are prepared to pay \$1,000 to treat a patient with cancer at the opening (cervix) of the uterus. They do not have policies for preventing the condition yet the same amount of money that is spent on treatment would buy 100 office visits at \$10 each for 50 years of semi-annual examinations.

Dr. Willis E. Brown of Little Rock makes this point in stressing the need for more public education in the field of preventive medicine. A periodic simple office examination of the pelvic structures and of the breasts would detect the types of cancer that account for 80 per cent of the tumor deaths in women.

In this way, a malignancy could be uncovered early enough to change the cure rate from the present 40 per cent to 80 per cent without utilizing a new discovery. This means two visits a year—without fail.

This is only part of the story. Ideally, a woman's initial visit to the physician would be the premarital examination at which time the various aspects of sex and pregnancy could be discussed. The young woman would have the satisfaction of knowing she is healthy and in good physical condition, thus avoiding many of the marital problems due to ignorance or pelvic abnormalities.

The next group of routine examinations might be those associated with the pregnancy and aftercare of the new mother. The twice a year schedule should begin in earnest after age 35 and continue through 65-70.

During the mid-forties, the physician would offer pre-menopausal advice to help many pass through another difficult interval. The entire process is discussed thoroughly so the woman knows what to expect and how to adjust to a new way of living by taking a more positive approach to her new role in womanhood.

### How Is Your Discomfort Index? You May Know Soon

BY PETER EDSON  
 NEA Washington Correspondent

WASHINGTON—(NEA)—Something new may be added to U.S. Weather Bureau reports and forecasts on an experimental basis in some localities this summer. It will be a "Discomfort Index," or "D.I." In effect it will be an effort to give scientific numbers to the old saying that, "It ain't the heat that gets me—it's the humidity."

Weather reports today give both these measurements. High and low temperatures are given for 24-hour periods and "relative humidity"—which is the percentage of moisture the air holds, compared with the maximum it could hold at that temperature. What weather scientists have been seeking is one number to tell the whole story.

One old suggestion has been to add temperature to relative humidity and divide the sum by two, to get "humiture."

BUT WEATHER EXPERTS say this rule of thumb is too simple and not very exact. So they have cooked up a couple of formulas to give a more accurate D.I. One is too complicated to go into. The simpler is:

D.I. equals four-tenths of the sum of dry and wet bulb thermometer readings, plus 15. Or D.I. equals 4 (DB plus WB) plus 15. As an example, take noon readings for a midsummer day of 96 dry bulb, 70 wet bulb. The sum is 166. Four-tenths of that is 66.4. Add 15 and the D.I. is 81.4.

Earl C. Thom, the U.S. Weather Bureau climatologist who invented the term "discomfort index" and who has done most of the research on it, says that about 10 per cent of the people will be uncomfortable when the D.I. reaches 70. Half will be uncomfortable at 75 and everybody will suffer when D.I. is above 79.

U.S. WEATHER BUREAU officials aren't sure how valuable the D.I. will become. That's why it's being introduced gradually this year. If "D.I." catches on and the expression becomes part of the language, all weather bureaus may have to report it for preceding 24 hours and make forecasts on maximum readings likely for the day ahead.

The need for dry and wet bulb temperature readings to compute D.I. may promote the sale of the two types of thermometers in "sling psychrometers" as they're called, to make accurate readings. The wet bulb must be swung in an arc to evaporate the water. And tables will have to be prepared that will give instant D.I. figures from dry and wet bulb temperature readings, to save figuring.

The numbers will tell electric power companies and superintendents of theaters, hospitals, hotels and office buildings how much air conditioning they will have to turn on to keep their patrons comfortable.

THERE'S A CHAMBER OF COMMERCE angle in this, too. If Miami, Fla., has a D.I. of 86 at a maximum temperature of 98, while Los Angeles has a D.I. of 84 at a maximum temperature of 101, it may start a war.

In research figures collected over recent years, Yuma, Ariz., has reported a D.I. of 92 at maximum temperature of 119 degrees, Kansas City D.I. of 89 at 112, Chicago D.I. 84 at 103, New Orleans D.I. 85 at 96.

New York has averaged a D.I. of 79 or over, 16 per cent of the time from noon to five p.m. in August.

In Washington, when the D.I. reaches 86, government employees are sent home if they work in buildings which do not have air conditioning.

## WCTU Institute For Sugar Grove

SUGAR GROVE — When WCTU met at the Methodist church for a local institute, Mrs. W. C. Baldwin, vice president, conducted a noon-tide prayer service which opened with singing "Sweet Hour of Prayer", with Mrs. Neil Scott, pianist. Mrs. Alvin Rhodes read Scripture and gave the table prayer for the tureen lunch. Fourteen members were present.

During the business session, with Scripture and prayer by Mrs. Victor Landin and Mrs. Rhodes, reports were given by superintendents of various departments. Mrs. George Craker gave Spiritual Life report, reading seven rules for Christian Living.

Mrs. Scott, flower mission and relief, reported cards sent shut-ins; temperance instruction in church and schools was reported by Mrs. Richard Atkins; Mrs. Charlotte Frodelius, legislation chairman, reviewed magazine articles; Mrs. Robert Williams, superintendent of UTL, gave a story of an Eskimo boy who became a doctor.

Mrs. Victor Landin gave the treasurers' report; a report on TV and radio liquor advertising was given by Mrs. Neil Scott; Mrs. Flossie Broughton gave a reading, "What an Honest Liquor Ad Would Say". A general discussion followed on local option.

Mrs. Scott and Mrs. Emory Hale sang a duet, "A Skit, 'Do Sponsors Quality'" was presented by Mrs. Victor Landin and Mrs. Nathan Whitford. Mrs. Hale reviewed an article from Readers Digest on obscene literature and pictures reaching young people.

Mrs. George Craker reviewed the study book "The Curse of the Nation," and the meeting closed with a song and benediction.

## Retarded Children Is Sorority Study Topic

The next regular meeting for members of Beta Sigma Phi, Epsilon Epsilon Chapter, will be held at 8:30 p.m. Wednesday at the home of Mrs. Ellen Bailey, 10 Pioneer street. Speaker will be Mrs. Annabelle Bollinger, who will talk on the Warren Society of Retarded Children. All members are asked to be present for election of new officers for the coming year.

At the previous meeting at the home of Mrs. Lewis Conroy, the Chapter decided to hold its spring rummage sale Thursday and Friday, April 2 and 3, under Finley's Store on Pennsylvania avenue, proceeds to be donated to the Society of Retarded Children. A large selection of items is anticipated, and everyone is invited.

Lois King, vice president, announced the following rusher program: April 1, rush party at 8:00 p. m. at the home of Mrs. Alice Siriani; tea-April 15 in Clarendon, at the home of Georgianna Shea. All the members are looking forward to these events, and to meet the new girls.

Mrs. Geraldine Johnston, of the Agricultural and Home Economics Extension Service located in the court house, speaker of the evening, gave an interesting summary of services offered to Warren county. Mrs. Johnston told of the many different requests that come in to the office, and answered questions for members.

Mrs. Lewis Conroy and Mrs. Robert Simpson were surprised with lovely baby shower gifts, and refreshments were served by the hostess, assisted by Mr. Anthony Gornia.

Aside from playing host to vacationists, Florida is also an important manufacturing state. Chemicals, paper, lumber products are principal items.

## Moriah Lutheran Church Groups in Ludlow Have Many Events Planned

LUDLOW — Many activities have been scheduled for members of Moriah church, Mr. and Mrs. Leland Engman, Mr. and Mrs. William Hanson entered Churchmen at the church recently, with a fine attendance. Lawrence Larson, president, conducted the business session, and Enoch Nelson was in charge of devotionals.

The program included a trumpet solo by Carol Ralston, accompanied by Judy Johnson; violin solo by Fred Johnson, accompanied by Mrs. Emil Nelson. Principal speaker was Paul Mowrey, of Kane, who gave a most interesting talk concerning "Pennsylvania Dutch", which was most enjoyed.

Refreshments were served at a very attractive table, after which a social hour was enjoyed.

Luther League members were guests of Kane Tabor Church League, with many present from both groups to enjoy the event. An impressive candle-light devotional service was conducted by Tom Van Tine; Lenny Nasman, Ginger Johnson and Tom Van Tine gave vocal solos.

A short business meeting was followed by a movie concerning the synodical convention, which depicted sights of Texas as the convention will be held in late December, 1959, at Dallas. It is hoped some Leaguers from this area will be able to attend.

All Leaguers are urged to attend Camp Chautauqua this year, since Camp Complanter will not be available for Lutheran camp periods. Final event for the evening was lunch served under the supervision of Jack Golden counselor.

Mrs. M. I. Jones was program director for the regular meeting of Church Women and presented "Lent Around the

World", assisted by Edith Larson, Mrs. Charles Fetzack, Linnea Swanson and Mrs. John Kulka. The Luther League emblem was used to emphasize the season, with the various colored backgrounds depicted in accordance with Lent. Susannah Krantz played "Near the Cross", arranged by Kohlmann, followed by group singing.

Three books were added to the library. Education emphasis was made by Mrs. Enoch Nelson, who stated the ALCW has pledged "120,000 to American Missions this year, and that the residence for missionaries recently built in Hartford, Conn., by WMS funds given in memory of Dr. Emmy Ewald, will be dedicated at the synodical meeting in Hartford in June. She explained the service gift of \$5 to Lutheran African radio for Lutheran World Federation. The program booklets were distributed.

Rose, Nelson, president, conducted the business session when announcement was made of the Warren District meeting, to be held in Titusville at 3:00 p. m. Sunday, April 5. All members are urged to attend, and are asked to call either Mrs. Lawrence Olson, transportation chairman, or the president. Two packages of bandages and baby clothes were sent to Africa last month, with more to be sent in April. Housecleaning will be done April 7, from 9:00 a. m. through the day. Those who wish to assist may call Mrs. William Hanson, congregational causes chairman. It was reported a new acolyte's robe has been purchased by this group.

Prior to the meeting, Lawrence Larson showed a film, "Alaska", to a mixed audience, using the new projector purchased by the Church Women. At the close of the evening, coffee was served to 37 members by Mrs. Arthur Christensen and Mrs. Gust E. Anderson.

## Week's Schedule For Clarendon Methodist

CLARENDON — During Palm Sunday services in the Methodist church, Mr. and Mrs. Robert Jones were welcomed into the fellowship of the church by letter of transfer; also welcomed to membership were two boys, Donald Leon Flieger and Dennis Lee Kramer, who had taken the course of instruction. Presented for infant baptism were Tamara Ann Stitzinger, daughter of Mr. and Mrs. Miles Stitzinger, and Thomas Edward Jones, son of Mr. and Mrs. Robert Jones.

During this week, the following special services will be held: Thursday—7:30, Holy Communion, when Rev. Hubert Jicha will speak on the theme "Is It I?"

Friday—12:00 noon until 3:00, "The Seven Words of Christ on the Cross", with the following speakers: Rev. Ralph Findley, Grace Methodist church; Capt. James Dible, Salvation Army; Rev. Elton Atwell, Church of God; Rev. Hubert Jicha, Clarendon Methodist; Rev. Gene Sackett, Salem EUB; Rev. Leroy Lundgren, Clarendon EUB; Dr. H. H. Barr, Methodist (retired).

The MYF of Tiona will sponsor an Easter Egg hunt Saturday, Easter Sunrise Service will be held in the Tiona church at 6:00 a. m., with guest speaker to be a local young man studying for Christian service, Jack Brennan. Easter Breakfast will be served at 7:00 following the services.

## Best Wishes to Corydon Couple

CORYDON — On March 27, this community and many other friends in the surrounding area will be extending congratulations and best wishes to Mr. and Mrs. George Akers, prominent and well known couple, who will be observing their 64th wedding anniversary.

Married at Calhoun, N. Y., by the late William Calhoun, a former pastor of Corydon Methodist church, the celebrants have been long-time residents here. Both have taken an active part in community affairs and are members of the local Methodist church. Although both are enjoying fairly good health, it is expected they will spend Friday quietly at home.

They have one son, Ralph Akers, of Warren; also three granddaughters, Mrs. Paul Cook, in Florida; Mrs. William Buckley, of Scio, and Mrs. Richard Kifer, Warren.

SPECIAL SPEAKER AT PENN. AVE. BAPTIST Rev. Fred Marshall, of Brooklyn, N. Y., will be the Passion Week guest speaker in the local Pennsylvania Avenue Baptist church. First service will be held at 7:30 p. m. Wednesday, when Rev. Marshall's topic will be "Jesus in the Gethsemane". Thursday evening, "The Betrayal of Jesus"; Friday evening, "The Crucifixion". There will also be a Saturday evening service, when the theme will be "The Three Crosses". Final service will be Sunday evening.

PAIRM SUNDAY AT METHODIST CHURCH SUGAR GROVE — Services on Palm Sunday at the Methodist church included reception of the preparatory class, which has been taught by the pastor, Rev. Alvin Rhodes. Members were Mavis Elaine Sarvis, Eileen Young, Judy Gruber, Wayne Schoonover, Barry Thompson, Jeffrey Onink, Roger Briggs. Mr. and Mrs. James Dunkle and Richard Atkins were also received into church membership.

Rev. Rhodes baptized Dawn Marie, infant daughter of Mr. and Mrs. Russell Thompson, and Tammy Marie, young daughter of Mr. and Mrs. Gale Onink.

Mrs. Neil Scott was organist, and the choir sang "Hosanna." The service closed with the "Psalms," a solo by Mrs. John Binney.

The Sunday School observed Missionary Sunday with a joint session of all departments, the elementary department in charge. Mrs. Harry Sarvis read Scripture, and her daughter, Mavis Elaine, gave a missionary reading. All joined in singing.

MEETING CHANGE Mrs. Lottie Himes and Mrs. Mildred Himes will entertain Tiona Ladies Aid Society Wednesday evening, instead of the usual Thursday night, because of the Holy Communion service at Clarendon church.

DATE CORRECTION Pastor C. C. Headland reports the tureen dinner announced for Russell Methodist church March 27 should have been April 27.

## Talented Cast - Production Staff Put Final Touches on Junior Show

"Time Out For Ginger" will be presented by the Junior Class of Warren High School Friday and Saturday, April 17 and 18, at 7:30 p. m. in the high school auditorium. It is recalled, according to material provided by a member of the high school news-writing class, that the play itself was made into a successful movie and shown on television a few years ago.

Concerned with a supposedly normal family composed of a mother and father, Mr. and Mrs. Howard Carol, and their three daughters, the play discloses that the Carols are continually being disturbed by the antics of their youngest daughter, Ginger, who wants to play football. As the story unfolds, a delightful comedy appears revolving around the Carol family.

Fred Green, student teacher from Edinboro State Teachers College, and Richard Andersen, high school dramatics teacher, co-direct the production, and George Rose Marie Dangelo, who gained considerable experience in the Evening of Plays will assume the title role of Ginger.

Casting of the roles of Mr. and Mrs. Carol has not yet been decided since the director has encountered difficulty in choosing between two capable juniors for each part. Douglas Arnold and James Alexander are tied for the role of Howard Carol.

Rosanna Oberg and Meredith Sandberg for the part of Agnes Carol.

The maid, Liz, will be portrayed by Donna Knapp; Joan and Jeanie Carol, Ginger's sisters, will be played by Brenda Munson and Martha Fay, respectively with Dennis Bonavita enacting the role of Tommy, Ginger's boy friend. These three have had much dramatic experience.

Rounding out the cast are David Grady as Eddie, Joan's boyfriend; Robert August, bank president, Ed Hoffman and James Nordine, high school principal.

Don DeLuca is named student director and other members of the production staff are: Mary Pat Gibson, business manager; Toni Pace, publicity chairman; Ruth Ann Hamilton, ticket manager; Linda Berenfield, program chairman; Mary Jo Eljers, ushers; Carol Nielson, house and music; Tom Africa, production director; George Yaegle, stage manager; Janet Monroe, hand properties; Tom Fadale, stage properties; Ron Montalone, set construction; Nancy Carlson, costumes; Nancy Temple and Anne Finley, make-up.

All juniors contributing time and effort to the production, hope for an enthusiastic public response when "Time Out For Ginger" is presented.

WOMEN OF MOOSE Warren Chapter 693, Women of the Moose, will have its regular meeting in the Moose Temple at 8:00 p. m. Wednesday. All members are urged to be on hand to complete plans for Chancellor Day.

REUNION REMINDER A reminder addressed to members of the 1949 graduating class of Warren High School asks them to return their questionnaires, with contributions, to Box 100, North Warren, as early as possible so that the booklet for the coming reunion may be compiled.

DEMOCRATIC WOMEN The Federated Democratic Women's Club of Warren County will hold its monthly meeting at 8:00 this evening in Warren Grange Hall. All Democratic women of Warren county are invited to be in attendance.

George Fox, of England, established the Quaker religion.

## Drama Group Elects Next Year's Officers

The final meeting of the Drama Department of the Woman's Club, with Mrs. John O'Hara presiding, included election of officers. Mrs. E. G. Hamilton will serve as chairman; Mrs. John Carter, vice chairman; Mrs. Lockwood Towne, secretary; Mrs. R. W. Steber reported for the nominating committee.

Miss Judith Anderson, dancer, presented the delightful afternoon program. The 15-year old Tidouite high school sophomore has been studying with Richard Rapp and aspires to continue dancing professionally. Her presentation featured a classical ballet as well as impressive, original selections in ballet pantomime. Her mother, Mrs. W. A. Anderson, a recent new Woman's Club member was also introduced.

Mrs. J. H. Goldstein extended thanks for participation in the food fair and reported proceeds from the events. Mrs. Geary Archibald announced next week's program leader to be Mrs. John C. Urbants who will report recent legislation on a national level within the Federation of Woman's Clubs.

Mrs. W. B. Lynde was hostess for the afternoon with Mrs. A. F. Yerg and Mrs. F. M. Gaughey presiding at a lovely tea table.

## MARCONI BRIDGE CLUB TOURNEY

Playing against a 96 average in last night's weekly Marconi Bridge Club game, the following North-South pairs emerged in top-scoring position: James Monaghan and M. A. ## Gathered From The Party Line

Henry N. Monroe, class of '62, son of Mr. and Mrs. Kenneth Washington, 602 Edgewood drive, was recently pledged Phi Gamma Delta, national social fraternity at Colgate University. A Warren High School graduate, "Nick" arrives home Thursday for spring vacation.

A note from Hawaii brings a clipping from the Honolulu Advertiser's personal column, with a Party Line caption. Dated March 18, it reads: There is so much coming and going this week that you never know who you'll see in town next or who's missing. . . . Rear Adm. (USN Ret.) and Mrs. J. Collins Landstreet welcome house guests today. . . . Mrs. E. Gail Hamilton and Mrs. John Love, both from Pennsylvania. They'll be at the Landstreets' Kahala home for two weeks.

## Tionesta Guests At Golden Age Session

When Golden Age Society met at 2:00 p. m. Monday at the YVCA activities building, a delegation of 12 Golden Ages from Tionesta were guests. They are a new organization, and were much interested in planning the future of their society, and were welcomed by the Warren group.

A portion of the meeting was dedicated to the late Dr. C. J. Frantz first president and organizer of the society, which included a song by Mrs. Edward Shick. Mrs. Fern Olson gave a tribute to the efforts he made for the group, and the respect all have for him.

For the program, Edward Honhart spoke on "Memoirs", and gave a glowing account of the early times in Warren. One of the first things he learned when he went to school was read by Mrs. Kirberger, entitled "Kentucky Bell".

Next meeting will be held at 2:00 p. m. April 13, when the birthday table will be in charge of Mrs. Nellie Mills. Following lunch, the group will go to the high school gymnasium and view some of the students doing exercises.

The cave-salamander, confined to Sardinia and the mountains around the Gulf of Genoa feeds on spiders and insects but will die if it swallows an ant.

## High School News

Warren High School was represented at last Saturday's meeting of the Board of Directors of the Pennsylvania School Press Association at Harrisburg by L. B. Carr, faculty adviser of the Dragonette, the local high school newspaper. The aim of the PSPA is to develop an active school publications section within the structure of the Northwestern Pennsylvania Scholastic Education Association. In this special opportunity will be given for special activities and training of those concerned with the editing of school publications.

On Wednesday, April 1, a representative of the Grace Martin Business School of Pittsburgh will be at Warren High School to talk with any students who might be interested in business training beyond high school. With the representative will be two students who will give a demonstration of machine shorthand. Students may sign in the guidance office if they wish to talk with the representative.

Attention to all F.B.L.A. members: Word has been received that the Region I convention will be held in Youngsville Thursday April 9. Contests will be held in spelling, beginning shorthand, advanced shorthand, typing, public speaking, and Miss F.B.L.A. Winners of these regional contests will be sent to the state convention May 3, 4, and 5 to compete for state championships.

To plan for this convention a general meeting will take place Tuesday, March 31. At this time all F.B.L.A. members can sign up for the regional convention and the state convention at Bedford Springs. Any member who is not at the meeting next Tuesday evening will not be permitted to go to either convention unless he or she sees Miss Powell or Miss Saglmbene before the meeting.

The Fifth Annual Merit Scholarship Qualifying Test Scholarship Corporation will be sponsored by the National Merit take place at Warren High School on Saturday morning May 2, 1959.

The Phil Ruffolo Combo will again provide music for dancing at the SPOT Wednesday night. The first hour from 8:00 to 9:00 will be a record dance. Membership cards may be secured at the door.

Y-Teens are reminded that there will not be any more Y-Teen swimming this year.

## Restaurant Owners Oppose Tax Program

HARRISBURG (AP)—The Pennsylvania Restaurant Assn. today pointed to what it described as "significant" public reaction against Gov. Lawrence's plans for increasing the state sales tax and extending its coverage on restaurant meals.

Fred G. Sampson, Harrisburg, PRA executive vice president, said the organization has petitions signed by nearly one million persons opposing the governor's tax plan recommended by a bipartisan advisory committee.

Lawrence proposed increasing the sales levy from 3 to 3½ per cent and starting the tax on restaurant meals at 10 cents rather than 50 cents. The plan was rejected in the House last week but Lawrence is pushing for another vote when the Legislature returns after the Easter recess March 31.

## Word of Advice Handed Out for Showoff Drivers

LOS ANGELES (AP)—Are you a showoff driver? Maybe you're showing more than you realize—about what makes you tick. If you're always taking corners on two wheels or burning rubber in sensational getaways look out.

Folks in the know believe they can spot you for what you are: an immature, antisocial, sexually inferior, angry bully.

And maybe a budding criminal.

A Los Angeles psychiatrist says you may not be all of those things. There's a good chance, though, that you're some of them. Deep down, you probably know it yourself.

Reckless drivers often use their car as an outlet for angry, aggressive feelings, says Dr. Jerome M. Kummer who is with the UCLA Medical Center. He spoke at a safety meeting Monday.

Are you a hotrod type? Then, Kummer says, it may be your trying to cover up feelings of sexual inadequacy.

This applies both with teenage boys and their fathers gunning what Kummer calls "hotrods" of a more sophisticated type—sports cars.

Many of the qualities leading to persistent showoff driving are of a criminal nature, the psychiatrist believes.

"And let's face it," Kummer says, "Reckless driving is a criminal activity."

## SUGAR GROVE

SUGAR GROVE—Community Holy Week services will be held at 7:30 p. m. Wednesday in the Methodist church; at the same hour on Friday in the Presbyterian church. Everyone in the community is invited.

Reading Club's monthly meeting has been changed from this Wednesday evening to Tuesday March 31, at the home of Mrs. Gerald Miller.

Mrs. Dorothy Briggs and Flossie Broughton will present a program of pictures and poetry.

Mrs. Effie Gregory has been confined to her home by illness the last week.

Lee Laverne Devereaux has left to enter the U. S. Navy.

Mr. and Mrs. Carl Allen are enjoying a Florida vacation, with Mrs. Herman Youngberg staying at their home in their absence.

## SHEFFIELD

SHEFFIELD—Pastor Dean Fetzel, of the Free Methodist church, will be the speaker for the union Holy Week service at 7:30 this evening in Bethany Lutheran church.

The annual meeting of Sheffield Civic Association will be held at 7:30 p. m. Tuesday in Lincoln School, when nine members will be elected to serve as a board of directors for the new year. The nominating committee will present the names of Francis Wagner, Peter Orinko, Tom Knist, Richard Curtin, David Swanson, Arnold Crisman, Bob Swanson, Mrs. Eugene Leseman, Nick Fichtel, Mary J. Richwalsky, Joseph Straneva, Kenneth Boardman, Irene Solock, Norman Kifer, and Jerry Newburg.

Mrs. Jack Deming and son, John, of Columbus, O., are spending the week here on account of the illness of her mother, Mrs. Ida Miller, a patient in Warren General Hospital.

Mr. and Mrs. Cecil Hart, Meadville, spent the weekend with Mrs. W. T. Hart.

Phyllis Epstein arrived home Monday after spending several weeks in New York City.

## Committee Will Study Distressed

By RICHARD L. GRAVES  
HARRISBURG (AP)—A special Senate committee today turned its attention to special education in an investigation of the Public Instruction Department.

The five-member group also hoped to find time in its fourth day of hearings to look at the problems confronting Pennsylvania's distressed school districts and what state officials are doing about them.

Meantime, one of the committee members predicted that the probe "could well renew the public's confidence in the department following the charges leading to the investigation."

Sen. Harry Seyler, (D-York), who has criticized the probe, insisted that it is still "a fishing expedition" but conceded that "it is going very well."

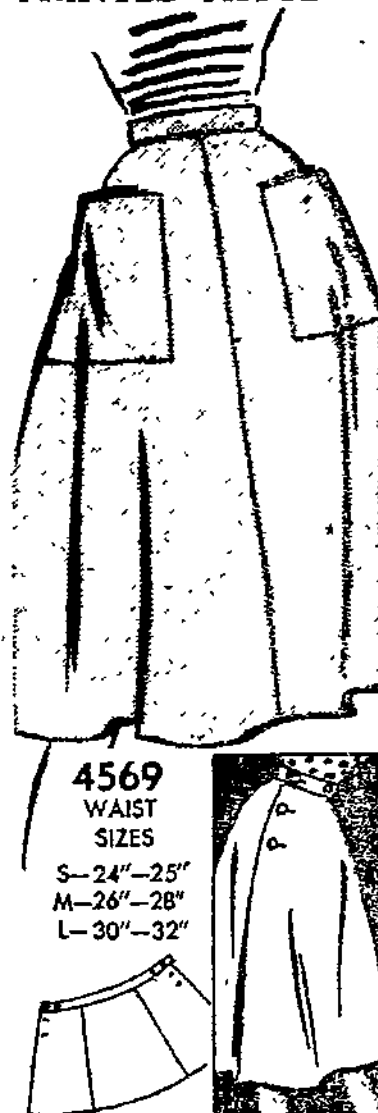

Seyler said testimony elicited so far showed the huge education agency "is running an efficient operation."

The committee is headed by Sen. George N. Wade (R-Cumberland) whose charges of departmental "mismanagement" by Dr. Charles H. Boehm, superintendent, sparked the inquiry.

## Larger Harvests Of Corn, Tobacco And Hay Planned

HARRISBURG (AP)—Pennsylvania farmers expect to plant or harvest more corn, hay and tobacco this year than in 1958, the State Agriculture Department reported Friday.

However, the department added that growers intend to cut back on oats, barley, potatoes and soybeans.

This means that farmers will plant 5,262,000 acres of nine basic crops compared against 5,275,000 acres actually planted in these same crops last year, the department reported, adding:

"Acreage intended to be planted to feed grains is off about one per cent, according to state crop reporting service tabulations.

"The 1,274,000 acres of corn farmers intend to plant is one per cent more than they planted last year, but this increase is more than offset by a decline of two per cent in the intended acreage for oats. There were 722,000 acres of oats planted last year; 1959 intentions are to seed 737,000 acres.

"Intended acreage to be planted to barley is also off eight per cent, from 246,000 acres last year to 226,000 acres intended for 1959.

"Potato growers intend to plant four per cent fewer acres to spuds this year, continuing a long downward trend in Pennsylvania potato acreage. If they carry out these plans, the 1959 potato acreage will be 48,000 compared with 50,000 in 1958.

"Pennsylvania seedleaf cigar tobacco growers intend to plant 31,000 acres to leaf this year. Last year they planted only 30,000 acres.

"Soybean acreage (for grain and hay) may be down by five per cent from a year ago with 44-

### COMFORTABLE NIGHT

Warren M. Johnson, Youngsville man, who suffered severe electrical burns yesterday while drilling a well near Starbrook, is reported to have spent a comfortable night at Warren General Hospital where he was admitted following the accident. A pipe being handled by Johnson came in contact with high tension wires.

### SHOOTING ACCIDENT

An 18-year old East Hickory youth, Garold Williams sustained a bullet wound in the buttocks yesterday noon in a shooting accident two miles north of East Hickory. Williams, in good condition at Titusville hospital, was accidentally shot with a .22 calibre rifle by Dale Haverling, 15, a guest at the Williams' home. State police investigating the incident state that each carried a .22 rifle, Haverling walking behind Williams about 10 feet. Haverling's finger was on the trigger and the gun was accidentally discharged.

### BOXER IS LOST

An advertisement elsewhere in this issue calls attention to a lost boxer in the vicinity of Rogetown, with a request that information concerning the dog be called to 6457-M. A female, she is described as brown with black mask, and answers to the name of "Rusty".

600 acres being listed by farmers as intended for the crop.

"Hay acreage intended for harvest this year stands at 2,313,000 acres. This

## Ludlow American Legion Observes Post and National Anniversaries

LUDLOW—James Uber Post, American Legion, celebrated its birthday, when the auxiliary entertained at a dinner attended by 75 Mrs. Leland Engman, president, welcomed the Legionnaires to their 39th anniversary, and the 40th of the USA American Legion.

Major Ellen Olson, USA Army, Corps of Nurses, who had just arrived from Germany a few days earlier, was introduced. She told many human interest stories and described her many trips in Germany where she really learned to know the people. She stated no one should feel sorry for the American troops in Germany, as they have every comfort now, and added the German people also now have a much-improved economy.

Mrs. Enoch Nelson gave the history of the American Legion from its organization in 1919, and that of the James Uber Post, formed in 1920. Music as influenced by wars and work was sketched through the years, with folk songs sung by Mrs. Emil Nelson, patriotic songs played by Carol Ralston on the trumpet, Negro spirituals sung by Mrs. Emil Nelson; World

War I songs sung by the group; World War II songs, Mrs. Beverly Rae, who accompanied herself on an electric guitar. Square dancing was illustrated by a group, led by Harry Caril, caller, with Bob Knight playing the fiddle as he did many years ago for dances. As an interesting note, Bob made his own violin. Mrs. Nelson read the commentary she had written to blend with the music she chose to represent the various years of patriotic interest.

Alexandra Connelly sang "God Bless America" as a final number, and Carol Ralston closed the program with a trumpet medley by Sousa. In conclusion, Mrs. Rae played and sang modern dance songs.

Mrs. Elmer Jones, of Kane, and Major Ellen Olson, of the U.S. Army Nurses Corps, were guest speakers at the Study Group meeting. Mrs. Jones discussed the Kane School and Public Library, giving data concerning its costs, income, and book purchases, as well as outlining its management.

She urged everyone in the area to take advantage of "his own library," since it is an area library for all towns in the Kane Jointure School System. She also mentioned there are books on almost every conceivable subject, with all types of practical books for everyday problems.

Major Olson, just recently returned from three and one-half years of field hospital work in Germany, reported she thoroughly enjoyed her stay in that country, and had much to tell concerning every day living there. She mentioned, particularly, jaunts she and her friends enjoyed on passes and leaves, discovering quaint spots away from the usual tourist routes, and people in a hidden mountain area, who still wear traditional costumes, even while working in the fields. Major Olson also told of her own camp life, and the history of Frankfurt, near where she was located.

Both speakers were introduced by the president, Mrs. Lester McArthur, with a forum following their remarks. Hostess for the evening Mrs. Melvin McCleary, served St. Patrick's Day refreshments.

## Canadian Mounties To Get New Commissioner

OTTAWA (AP) — A man who helped smoke out the Soviet spy ring in Canada in 1945 is coming out of retirement to head the Royal Canadian Mounted Police.

Deputy Commissioner C. E. Rivett-Carnac, 57, on retirement leave since Jan. 1, was appointed Monday to succeed Leonard Nicolson, 54, who resigned as commissioner in a dispute arising out of the Newfoundland loggers' strike.

Rivett-Carnac, a Mountie for 35 years, was the first person to give credence to the story of Igor Gouzenko, the Soviet Embassy cipher clerk who defected in 1945 and gave the Canadian government information with which it uncovered an espionage network.

## \$20,000,000 Need for Industrial Expansion

HARRISBURG (AP) — Pennsylvania will need at least 20 million dollars for industrial development and slum clearance programs in the next two years, commerce Secretary William R. Davlin told a Senate subcommittee Monday.

Davlin testified at another in the committee's hearings on Gov. Lawrence's request for a record \$1,970,000,000 to run the state government in the 1959-61 biennium starting June 1.

The commerce head said request for 10 million dollar appropriations to finance both industrial development and urban renewal projects were far below what was actually needed.

## PLCB - Employee Negotiations Are Finally Adjusted

Negotiations between the office of Gov. David Lawrence and the Independent Association of Pennsylvania Liquor Control Board Employees have resulted in a satisfactory adjustment of promotional increases in salaries due to reclassification of state stores.

Annually, on March 1, stores which have had increases in sales large enough to warrant stepping up to a higher classification are re-graded and managers promoted to these posts receive a five per cent pay raise with their promotions. In 1959, these promotional raises were threatened by Gov. Lawrence's "austerity" program.

Following talks between the Governor's office and President John Baur and Vice-President Joseph McGill, of the Employees Association, checks covering the salary increase for managers, promoted are to be mailed shortly.

At the same time, the Employees' Association representatives were informed that annual merit pay increases for approximately 780 of the stores' some 3,000 workers, due on May 1, will also be approved for payment. These, too, had been threatened by the "austerity" program, and amount to five percent for each employee who earns the increment.

These salary increases are a part of the Commonwealth pay scale set-up, established by the Johnson committee during the administration of Gov. George Leader. State employees have received no "cost-of-living" pay increase since 1953.

## Mercer Citizens Complain About Committee Tactic

HARRISBURG (AP) — A pair of Fredonia, Mercer County citizens protested today they had been called to appear before a special State Senate investigation under a threat of subpoena.

"In fact I was under the impression I had been issued a subpoena," declared Owen Boyer, president of the Fredonia school board.

"As of now, I am not clear exactly why I was called," he added. Boyer and William L. Jamieson, Fredonia merchant, showed newsmen letters that directed them to appear before a five-man Senate committee probing the Public Instruction Department "under the subpoena powers vested in this committee."

Boyer said his attorney advised him to comply, though the letter was no official subpoena.

In his appearance before the Senate committee Monday Boyer testified on the problems his school district faced in participating in a jointure with the townships of West Salem, Delaware and Pymatuning.

Boyer, and investment counselor, said his district originally opposed the large jointure, but finally found itself in a position, economically, where it had to join the other area in the jointure.

The jointure is proposing a \$2,025,000 addition to the Fredonia school for 937 pupils.

Jamieson is chairman of the municipal Authority named to carry out the financing of the addition.

## Turbine-Powered Helicopter Is Unveiled Today

STRATFORD, Conn. (AP) — The Navy's first all-weather helicopter, the turbine-powered Sikorsky HSS-2, makes its public debut today.

Styled with a boat-type hull that enables it to land on and take off from water in emergencies, the big craft has twin gas turbine engines for greater load lifting capability, faster cruising speed and longer combat range.

Navy officials, military observers and newsmen were invited to the Sikorsky plant for the first public flight demonstration, which included landings on the nearby Housatonic River.

The Navy has awarded Sikorsky Aircraft Division of United Aircraft Corp. a 32-million-contract to develop and build the HSS-2, and initial production is under way. The number to be produced is secret, as the data on size and performance.

The Navy describes the machine, sometimes known as a turbocopter, as "the latest anti-submarine weapons system, the first helicopter that can both search out and destroy enemy submarines."

Sikorsky officials said the new helicopter carries improved submarine detection gear and an advanced navigation system, designed jointly by the Navy and Sikorsky.

### CAPTAIN EASY By LESLIE TURNER

HOW COULD NERVE GAS BE USED BY OUR ARMED FORCES, MR. MCKEE?

GAS BOMBS COULD IMMOBILIZE A LARGE AREA LONG ENOUGH TO DISARM AN ENEMY... WITHOUT HARMING CIVILIANS!

IT SHOULD DETER AN AGGRESSOR FROM MOVING INTO A FREE NATION, MAYBE HELP PREVENT WAR!

BLAZES, IT AIN'T! WAS HARKLE WORKING ON THE GAS WHEN HE WAS ASSOCIATED WITH DR. MALACHI DOONE IN YOUR RESEARCH LAB?

YES, BUT LAST YEAR DR. DOONE RENOUNCED CIVILIZATION, AND WENT TO AFRICA TO WORK AMONG THE NATIVES IN A JUNGLE LABORATORY. HARKLE FINISHED THE RESEARCH ALONE!

WELL, I SURE HOPE WE FIND THE FORMULA IN HIS PAPERS AT HOME!

## Faragalli On Track, But Will He Score?

ST. LOUIS (AP) — Al Faragalli joined the gallery of unsuccessful title defenders when he rolled an 182 all-events total Monday in the American Bowling Congress Tournament.

Paramus, N.J., star who triumphed in the nine-game category last year at Syracuse, N.Y., faced the near-impossible chore of besting the 216 total assembled by Detroit's Ed Lubanski on Feb. 25. Lou Campi, an inseparable tenpin companion of Faragalli, tallied an unspectacular 1329 for the route.

Erase one pitcher from the possible list of Washington Senators starters.

The name in Tom Sturdivant. He wears blue pin stripes and has a big "NY" on the front of his uniform.

The experts had him figured a pinch hitter by opening day April 9, but Monday he pitched like a Yankee should and it now appears he'll be staying in New York come cherry blossom time.

Sturdivant was one of four Yankee right-handers who combined in a 5-0 victory over the Baltimore Orioles at Miami. It was the first spring shutout for the Yanks.

Sturdivant hardly looked like one of the expendables the Yanks reportedly have been using as trade bait for a front-line Washington pitcher.

The 6-1 Yankee, who finished 1958 in Manager Casey Stengel's doghouse, allowed only two hits in five innings. He walked three and struck out one. Both hits came in the same inning, but a double play ball got him out of trouble.

Another Yank with his job on the line, veteran pitcher Virgil Trucks, followed Sturdivant

and pitched goose eggs for two innings.

The Los Angeles Dodgers hung a 10-6 defeat on Milwaukee, its 10th in 13 games. Lew Burdette gave up six runs and Bob Rush the other four, all in the big Dodger seventh.

The Detroit Tigers, finally getting both pitching and hitting, won their fourth in a row, 15-5, over Cincinnati at Lakeland. Harvey Kuenn, Al Kaline, Frank Bolling and Al Rocky Bridges combined for 13 of the Tigers' 19 hits.

The Philadelphia Phillies came up with an impressive rookie performance as 19-year-old Ed Keegan permitted St. Louis only one run in five innings, but it took a pinch grand slam homer by 35-year-old Dave Philley before St. Louis was beaten 9-5 at St. Petersburg.

Turk Lown, Don Rudolph and Bob Shaw combined in a six-hitter for the Chicago White Sox as Chicago scored five runs in the first two innings of Kansas City starter Walt Craddock. The 8-5 Chicago victory was the first taste of major league ball for Hollywood, Fla.

The Chicago Cubs, San Francisco, Boston, Cleveland, Washington and Pittsburgh were not scheduled.

## Sizing Up the Teams

PITTSBURGH PIRATES

By JOE REICHLER

Associated Press Sports Writer

ST. PETERSBURG, Fla. (AP) — The Pittsburgh Pirates are ready to make a run for the pennant with the best pitching staff they've had in many years, a well-balanced, if not explosive attack and what may well be the tightest defense in the National League.

"When you mention pitching," said Manager Danny Murtaugh, "you always keep your fingers crossed."

Murtaugh listed his big three as Bob Friend (22-14), Vernon Law (14-12) and Ronnie Kline (13-16) with George Wilt (9-2), Curt Raydon (8-4) and Harvey Haddix (5-7) not far behind.

Backing up the six front liners are bullpen ace Elroy Face and Don Gross. Face saved 26 games last year.

Bennie Daniels 14-6 with a 2.31 earned run average at Columbus, is the best looking pitcher among the newcomers. Right-hander Bob Porterfield and left-hander Bob Smith may round out the staff.

"We'll be strong," the strong-jawed Irishman admitted, "but we aren't going to be an explosive team. We figure to be a consistent, steady team. We learned a great deal going through the pennant race last year and the boys should settle down and jell. I think Bob Skinner and Bill Maz-

eroski are ready to blossom out into top drawer stars this season."

Skinner, a .321 hitter last year, will take over Frank Thomas' job. He will team with Bill Virdon and Roberto Clemente in the outfield. Murtaugh plans to carry only four outfielders, using Rocky Nelson at first base and in the outfield.

"We think we have one of the best fourth outfielders in the league in Roman Mejias," said Danny.

The addition at third base of Don Hoak, one of the three Cincinnati players who came in the trade for Thomas, will strengthen the defense and add speed to the club, Murtaugh contended. Smokey Burgess, the new catcher, will add to the attack, and Haddix, will provide the club with the left-handed starter it lacked last year.

"Dick Groat (shortstop) and Mazerolski (second baseman) give us the best double play combination in the league," said the little pilot. "Our biggest fight is around first base. On last year's play, Dick Smart is the present incumbent. Ted Kluszewski is swinging the bat better than I've seen him in three years. Smart has been hitting well but his defense has left something to be desired. Last year I thought he was almost an average first baseman."

Hank Foiles and Burgess are battling for the first string catching job. Bill Hall and Danny Kravitz are vying for he third string.

Dickie Moore Is Hockey League Scoring Champ

MONTREAL (AP) — Montreal's Dickie Moore is the 1958 — 59 National Hockey League scoring champion, according to final league statistics released today.

And teammate Jacques Plante won his fourth Vezina Trophy for going the least scored upon goal. Both honors carry a \$1,000 stipend from the league.

Moore finished with 36 points, on 41 goals and 55 assists. That was a new NHL record, bettering by one Gordie Howe's 1952-53 mark.

Plante led the league in shut-outs with nine, tying his production of the last two seasons. Montreal's Jean Beliveau was second to Moore with 91 points. His 43 goals were tops for the league. Moore's 55 assists topped that of teammate, New York's Andy Bathgate was third with 88 points while Detroit's Howe was fourth with 78 points.

Sisler Says Pirates Good Hitting Outfit

FORT MYERS, Fla. (AP) — George Sisler, one of the great hitters of the past, says the Pittsburgh Pirates are going to be a good hitting club despite their team mark of .257 in spring exhibitions.

"They're better right now than they were a year ago," said the Hall of Fame member who serves as the Pirates' special batting instructor.

"They've got over two weeks to go before the season opens and they'll be all right."

Ted Kluszewski is setting the pace with a .455 mark, but has appeared at the plate only 11 times. None of the other regulars is above the .300 mark and Dick Groat, who batted an even .300 last season, is hitting only .182.

Orioles's Power Catcher Has Some Happy Memories

By ED WILKS

Associated Press Sports Writer

MIAMI (AP) — Gus Triandos is the husky power guy who belted 30 home runs for Baltimore last season, tying the American League record for catchers. The homer he remembers best is one that didn't count.

"I hit it in the first inning at Detroit," he said, "but then it rained and the game was washed out. So was the home run."

That would have put him in the record book all alone. As is, however, he isn't cramped for space. Only Yogi Berra has hit as many in one season among AI catchers, setting the record in 1952 and matching it in 1956. Ironically, Triandos is one of that legion of catchers who failed to budge Berra out of a job with the New York Yankees.

Triandos hit 13 of his 30 home runs at home. He hit only two against the Yankees, neither in New York. He had a .245 batting average for the season, .125 against the Yankees.

One of his homers against the champs, however, was a pip, backing up Hoyt Wilhelm's 1-0 no-hitter. It also was the record-tying 30th.

Middlecoff Is Favored to Win St. Pete's Open

By WHITEY MARTIN

Associated Press Sports Writer

ST. PETERSBURG, Fla. (AP) — If history repeats, Cary Middlecoff will win the Master's Tournament this year.

In 1955 the gangling golf jitterbug won the St. Petersburg Open and then went on to win at Augusta.

Monday he completed half of that parlay by again winning the St. Petersburg Open, and doing it in a manner to convince any doubters that a six-month layoff from tournament competition had improved his game, if anything.

He was as fidgety as ever, but when he settled down to stroke a putt there was no fooling about it. He sank the ball from all parts of the greens in compiling rounds of 70, 69, 67 and 69 for a 13-under par total of 275, three strokes better than the second-place finisher, Pete Cooper of Lakeland, Fla.

### Warren Boaters Plan Pittsburgh Trip in April

Local boat ambassadors will cruise down the Allegheny River to Pittsburgh April 18 and 19.

At Ben White's Social Center Sunday evening, about 150 boat enthusiasts gathered to hear plans for the trip. Jim Keller was in charge of the meeting.

Mr. Keller stressed importance of observing Coast Guard latest safety measures for boating during the trip. The April dates are tentative, subject to change if water conditions are not favorable.

Forty-two boat owners have signed to make the trip. This group was divided into two sections, a captain in charge of each.

Further information will be published from time to time.

To climax the evening, movies of last year's trip were shown by Bob Oehlenschlaeger and Glen Kuttner.

### Bradley To Sign Long Contract With Texas

AUSTIN, Tex. (AP)—Harold Bradley, the veteran Duke basketball coach, will come here late this week to sign a three-year contract as coach of the University of Texas.

Bradley Monday agreed to take the position at a reported \$10,000 salary per year. While the terms were not disclosed, Bradley will be paid more than any basketball coach ever got here before.

He will replace Marshall Hughes, who resigned after three disastrous seasons during which his team finished in the Southwest Conference cellar twice and next to last the other time.

### Phils Manager Hedging On Bouchee Prospects

SARASOTA, Fla. (AP)—First baseman Eddie Bouchee, a 320 hitter? Let's not be so conservative anymore.

The 320 figure was the estimate Philadelphia Phillies Manager Eddie Sawyer came up with early in spring training. Now Sawyer is hedging and his players are thinking in terms of a batting championship for their teammate.

"That Bouchee can lead the National lead in hitting," commented Granny Hamner Monday after the 26-year-old first baseman hit a home run and two singles against St. Louis. The Phils won 9-5.

"When I got back with the team last year," explained Bouchee, a .230 hitter in 1958, "I was missing pitches I should have hit a country mile. But I didn't and the reason I didn't was the timing. I didn't have it. Now I do."

Sawyer said his 320 estimate? "Put it this way," the manager said, "I'll be surprised if he doesn't hit that much for us."

The Phils play Los Angeles here today.

### Meeting in YMCA Tonight To Push Rockets' Season

Another fine year of baseball will return to Warren this coming season.

Red Whitten, general manager of Warren Rockets, stated today that a meeting will be conducted from YMCA this evening at 7:30 for all interested.

Red said, "Flat Bonavita, after doing such a splendid job last year, will be back again as manager." Flat hopes to have Ross Ananea assist him.

Some of the returning veterans will be Drexler, Thompson, Reese, Kotmair, Campbell, Creola, Lopez, Hamold, Gagliardi, Fehlmann, Lobdell and Rickerson. Bonavita said he would like to see some new faces out for the tryouts and meeting.

"Last year we had the youngest team in the league and came in third," Whitten recalled, "this year could bring a first-place team with a little fan support from the Warren people."

Tentative plans call for a home game every Saturday at 2 p. m. on State Hospital field. First game is slated for May 30.

### North Warren Fights From Behind Twice

North Warren Gra-Y quintet used a fourth quarter blanking to defeat East Street 21-16 Monday in YMCA.

East enjoyed a one-point bulge end of first stanza, but North Warren cagers knotted the score 9-all at the half. East spurred ahead and were riding on a 16-13 cushion going into final canto. North Warren dumped in 8 points on the stretch, holding East scoreless.

Larry Loomis' shooting was high again for the winners, hitting the boards for 10. F. Porter had 6, J. Rogers and J. Gray found the hoop for 2 each, A. Andersen had 1. Although took individual honors for East with 6, Rudolph meshed 4, Sumner, Smith and White all made 2 points.

### Knicks Win First Game In Jr. League Playoff

Knicks of YMCA Junior League took honors in first game of a three-game playoff series for league laurels Monday night.

Hawks were downed by Knicks 42-39. Next game is scheduled for Thursday evening at 8 p. m. Knicks were first half winners, Hawks second.

Crump was the hot hands for Knicks making 18 points, Shield dumped in 9, Johnson 8 and Lundahl 7. Wilson and Kurz paced the Hawks with 15 each, Smith meshed 6, Chase had 2, Armstrong 1.

Fred Bell and Harry Tourtelott were officials.

### North Warren Fights From Behind Twice

North Warren Gra-Y quintet used a fourth quarter blanking to defeat East Street 21-16 Monday in YMCA.

East enjoyed a one-point bulge end of first stanza, but North Warren cagers knotted the score 9-all at the half. East spurred ahead and were riding on a 16-13 cushion going into final canto. North Warren dumped in 8 points on the stretch, holding East scoreless.

Larry Loomis' shooting was high again for the winners, hitting the boards for 10. F. Porter had 6, J. Rogers and J. Gray found the hoop for 2 each, A. Andersen had 1. Although took individual honors for East with 6, Rudolph meshed 4, Sumner, Smith and White all made 2 points.

## NYYWPA for "Playboy" Yankee Wives?

By MURRAY OLDERMAN

ST. PETERSBURG, Fla. (AP)—Resentment still smolders among the Yankees because the front office made them out a bunch of good-time Charlies throughout the winter.

And it's not just personal pique that keeps them mad.

"I got enough trouble just keeping the little woman happy the two weeks of the month I'm home during the season," explained one of the more respected citizens realistically.

"Now every time I go on the road that little bee will be buzzing her. Just what is he doing with all his spare time?"

"You're in trouble if you get them to thinking. I'm still mad myself. But imagine if I'm Whitey (Ford) or Mickey (Mantle)?"

Ford and Mantle drew the most severe censure and even made it obligatory for General Manager George Weiss to declare upon their signing that there was no question of a good conduct clause. Whitey was put on a low calorie diet.

"Every place I went all winter I got the big wink and plenty of digs about us being playboys. They believe that stuff."

"I tell you, one of the wives said—and what if she was kidding—The heck with the club hiring detectives to trail our boys, like they did last summer. We'll get the private eyes on 'em ourselves."

It struck Cliff Evans, the television man, that this might lead to a New York Yankees Women's Protective Association (NYYWPA).

To such as Andy Carey, the handsome third baseman whose actress wife Lucy is home at Mahbu, Calif., expecting a second child, it seemed a bit stringent. "She didn't get mad at any of those stories (laugh). She just said, it better not be me (gulp)."

Even a recruit, unattached, shook his head. "I'm afraid to cut loose and go out and get bombed. Somebody might see me."

"And I'm a Yankee now."

## Schoendienst Is Ready to Leave T.B. Sanitarium

ST. LOUIS (AP)—Red Schoendienst, popular second baseman of the Milwaukee Braves, was due to leave a tuberculosis sanitarium today after a four month stay.

And he predicted he would be "bright and early" for 1960 spring training work.

"I feel like I'd be able to put a uniform on by the end of this season," said Schoendienst, whom many consider the top fielding second baseman of modern times. He added with a grin, "but if my doctors say no, I won't do it."

The latter comment is indicative of Red's philosophy since being stricken with tuberculosis. His doctors say. He was known as a model patient at Mount St. Rose Sanitarium.

Lung surgery helped shorten Red's time in the sanitarium.

Schoendienst said he will work at building up his strength at his South St. Louis home. But he emphasized that he wasn't going to rush things.

Red played some of his best baseball against the New York Yankees in last year's series. Shortly thereafter he learned he had TB.

## Canadiens Are Favored to Win Cup Playoffs

ABILENE, Tex. (AP)—Olympic sprint champion Bobby Morrow has been running 9.3 hundredths but he says he isn't at his peak.

He doesn't want to be—he's saving that for the big meets like the National AAU, the United States-Soviet Union dual meet and the Pan-American Games.

Morrow was timed in 9:35 at Odessa, Tex., Saturday when he beat his arch rival, Dave Sime of Duke, in a special 100-yard dash that evened their sprint series. Each has beaten the other twice.

"If I'd known they were going to time like that—you can't time in the hundredths—I wouldn't have run," said Morrow. "I guess that's the only place in the world where they do that."

He said since he was timed past 9.3 it had to be 9.4, and that Sime was a time of 9.4. "We weren't that close," said Morrow.

Anyway, Morrow is aiming at his next appearance—a special 100-meter dash at the Texas Relays in Austin April 4. He won that event in the Olympics of 1956. He has been timed in 10.2 for the 100 meters.

## A.P. All Penn'a College Team Has Couple Repeaters

PHILADELPHIA (AP)—Temple's Bill Kennedy and Penn State Mark DuMars join repeaters Don Hannon and Ed Kazakovich of Scranton on the 1959 Associated Press All-Pennsylvania College Basketball Team.

With Hannon, Kennedy and DuMars all under six-foot tall the team is one of the shortest in recent years, but also one of the fastest. Kazakovich, at 6-5, and the burly 6-6 Danzig were two of the state's top rebounders, giving the team board strength.

The starting five's combined scoring averages total 106.2 a game.

Bob McNeill of St. Joseph's was the top choice for the second team where he was joined by Wilbur Troesch of St. Francis, a first team pick in 1958, Bernie Matthews of Duquesne, Mel Kessler of Muhlenberg and Don Schena of Geneva.

# Conewango Twp. Petitioners File Against Rejectors

William A. Manning and Harold F. Beach, filed a petition late yesterday afternoon against County Commissioners Blain M. Mead, Lewis L. Crippen and L. L. Johnson following the rejection of a petition from Conewango township last Friday by the commissioners.

The Conewango petition, asking referendum on legalized sale of beer and liquor within its confines, was rejected and returned to Beach because it had been filed with Commissioner Mead after the 5:00 deadline on March 16, according to the commissioners.

The petition was received March 16, was in office of Board of Elections morning of March 17, rejected and returned to Beach on the 20th.

Plaintiffs said their petition was filed on time according to Pennsylvania law. The two men have an interest in the submission of their option referendum to the electors of Conewango township.

The petition filed Monday said the "defendants have a legal duty as members of Warren County Board of Elections to receive the petition and arrange for 'conduct of the referendum'."

Judge Alexander C. Flick, Jr., is expected to hand down a decision on the matter.

# Historical Society Will Show New Film

At the annual meeting of the Warren County Historical Society to be held Wednesday evening at eight o'clock in the main court room of the Courthouse, Warren residents will have the opportunity to witness the first public showing in this area of the new film titled "Titusville Revisited." Prepared by the Standard Oil Company in connection with the centennial year of oil, the film will be brought here by Robert Newell, executive director of Oil Centennial Inc. While not lengthy, it is extremely well done and those who have previewed it have praised it highly.

Donner Bailey of Titusville will also speak on "I Believe," a historical story of the Pennsylvania oil regions and an unusual talk that has won wide acclaim.

A brief business meeting will precede the program and will be conducted by Beyer Africa, president. Officers will be elected for the next year. The public is cordially invited to attend this meeting.

# Senators Suggest Steel Wage-Price Hearings

PITTSBURGH (AP) — Two United States Senators have suggested that the Government conduct hearings on the views on wages and prices held by steel companies and the United Steelworkers.

Sens. Paul Douglas (D-Ill.) and Jacob Javits (R-N.Y.), on a local radio forum Monday night, said the government hearings ought to take place prior to the opening of steel industry contract negotiations which start in May.

Douglas said he was not suggesting government arbitration in the negotiations, but he thinks it would be proper for the government to "hold hearings at which both the union and companies would be present and present their claims for higher wages and prices respectively so these facts can be aired before the public."

# Ohio Fugitives Move Into Area Once More

Jail breakers who skipped out of jail in Youngstown Monday are believed to be taking refuge in Pennsylvania.

The Associated Press notice comes close on the heels of the similar one notifying of the alleged appearance of Frank L. Spreng in the Keystone State following an armed robbery of an Ohio bank three weeks ago.

The jail breakers, three men and a woman, are believed to be the bandits who held up a gas station near Greenville today.

Keystone state proves of considerable help for the fleeing Ohio fugitives in their wild escapades in dodging law officers. Attention of State Police at the Warren sub-station has been called to the jail breaking and robbery.

# Police Seek 300 Girls Listed in Lewd Directory

NEW YORK (AP) — The search for some of the 300 girls listed in a lewd movies directory reportedly is spreading across state lines.

A second girl was arrested Monday night and admitting posing for movies in an improvised studio on Staten Island, Asst. Dist. Atty. Thomas Sullivan said.

Sullivan disclosed he had turned over the list of names to the FBI and to Brooklyn and Manhattan district attorneys. Some of the girls are reportedly being sought in Philadelphia, but no details of this could be obtained.

Ann Farmer, 23, a blonde unemployed barmaid and the mother of two children, burst into tears when Sullivan flipped open a projector in his office and asked her if she gave the solo performances, shown in two short reels.

She admitted she had, Sullivan said, and said she was paid \$20 for one performance and \$25 for the other.

The films were made last fall in her apartment in Port Richmond, she said, by alleged sex-film producer Daniel Malone, who was arrested last week in Manhattan along with Robert Rosen, 23, and another model.

The 300 girls were listed as models for the films in a day-book allegedly kept by Malone. Code names were used to describe the girls and their specialties. In the film seized were color and sound reels in addition to black and white productions. A quantity of stereo slides was also found, Sullivan said.

# Car Used by Ohio Fugitives Found With Jail Keys

YOUNGSTOWN, Ohio (AP)—An automobile used by four prisoners who broke out of the Mahoning County Jail has been found, but the escapees remained at large today.

The car was found abandoned Monday night on a road nine miles south of Ravenna. In it were the master keys to the jail, taken from a deputy in the jail break Monday.

The escapees—three men and one woman—may have switched to a green 1957 station wagon which the Portage County sheriff's office said was stolen.

The woman, Mrs. Lola Gordon, 40, had been cleared last week of a burglary charge and was merely being given shelter until she received train fare from a relative to go to New York state.

Chief Sheriff's Deputy Frank Reese said Mrs. Gordon willingly accompanied the three men. Her husband, Albert, whom she left behind in jail, was unable to explain why his wife fled with the others.

Gordon, who is awaiting transfer to the penitentiary after pleading guilty to burglary, was not willing to talk, said Sheriff Paul J. Langley.

# Driverless Car Kills Two Women Shoppers

CAMDEN, N.J. (AP) — Two women who had just gotten into a car for a shopping trip were killed Monday when the driverless vehicle suddenly started going and smashed into an apartment house.

The driver, James Waters, 33, of Camden, had helped the women into his car and was walking around to the driver's side when it lurched forward.

He ran after it, but the car was going too fast. It careened across a lawn on a downgrade and hit the basement wall of the building.

The women were Mrs. Elizabeth M. Hardy, 71, and Mrs. Helen M. Davis, 59, a polio cripple. Both lived in Westfield Acres, a federal housing development in East Camden.

ATLANTA (AP) — An intensified search was in progress today for two small red-haired children who were spirited away by their father, police said shortly before he killed himself with a shotgun.

# New York City Workers Plan One-Day Strike

NEW YORK (AP)—Some 30,000 city employees plan a one-day walkout next Tuesday unless a pay dispute is settled by then, according to union leaders.

About 2,000 members of the American Federation of State, County and Municipal Employees voted Monday night to call the walkout in a protest over Mayor Robert F. Wagner's austerity program.

Wagner, a Democrat, failed to get all the tax powers he asked from the Republican-controlled state Legislature. As a result, he cut the proposed city budget, lopping off \$2 million dollars in raises for 80,000 city workers. Policemen, firemen, teachers and correction officers were the losers in the budget cutting.

Workers in other departments also have been demanding pay raises.

WASHINGTON (AP) — Clayton Rhoades, No. 4, Donnell Allen, Jr. Democrat John Imperial unopposed in party.

For school director—No. 1, Dr. Arthur O'Connor; No. 2, W. H. Cowden; No. 3, Abe Schwartz; No. 4, Richard Huber; No. 5, Melvin G. Keller, all Republicans. Democrats—No. 1, Marion Potter (Mrs. David); No. 2, John Fanartiss; No. 3, Wayne Delchambre.

No drawings were necessary for the offices of auditors or jury commissioners.

It is reminded that Monday, March 30 is the last day to change non-partisan or party enrollment as well as the last day to report removal from one district to another.

## Boyle's Column

By HAL BOYLE  
NEW YORK (AP) — "The more people say a thing can't be done, the more likely it is to be done," said William R. McLain, "the greater the opportunity for the right man to do it."

His willingness to try the impossible has enabled McLain, president of a Nashville, Tenn. toy firm, to parlay \$300 into a five-million-dollar annual business.

All his life McLain, a slender, 42-year-old chemical engineer, had wanted a business of his own. In 1945 he decided to make the gamble with \$300 mustering-out pay he received when he left the Navy.

He and his partner, Earl Horton, a college friend, decided to enter the competitive toy field. Their families shared a farm snack outside Nashville while the partners drew up careful plans.

Impressed by their thoroughness and enthusiasm, a banker lent them \$55,000—they had no collateral—to get started. They grossed \$285,000 in 1948, their first year in business. And every year since then they have done better.

Today they have three plants, 350 employees. In addition to a line of 22 toys they produce turn out dozens of industrial plastic items for some of the nation's largest firms.

McLain's success plan is simple. "Don't try to imitate the other fellow," he advised. "It pays to be different to put a new furor."

"Give good people, treat them well, and as far as you can—let them alone."

"Money and machinery are important in a firm's success but the biggest factor is people. They've got the answer to most of your problems."

"We believe in starting them young and giving them responsibility. At 42 I'm the second oldest executive in our company."

The average life of a novelty

toy is only two to three years.

"One of our most worrisome problems is people who keep writing us with ideas for new toys," said McLain. "We are not in the market for them. We have our own staff, and we like to originate our own toys."

Could another man start from scratch now and do as well as he did?

"Certainly," he said. "He ought to find it even easier. The opportunity is greater now, and it should be even greater in the next few years."

"All he has to do is to find something that people say can't be done—and go ahead and do it. The trouble is that few who have the desire to succeed have the willingness to put out the energy and drive that is required."

## Special Excursion to Cornplanter Saturday

A special excursion to Camp Cornplanter, site of the YMCA's summer camp July 19 through 25, will leave the YMCA at 8:30 a. m. this Saturday. Over 60 boys have signed up for the trip, which will provide fun and fellowship, as well as acquaintance with the site of many fulfilled events later in the season.

Any boy and his father, desiring to attend the excursion is welcome, but he must register in advance. He can do this by mailing a postcard to the YMCA, or telephone 100. He is asked to give his name, age and phone number, and indicate if his father will attend also.

Transportation and a hearty hot lunch will be provided free for all dads and lads attending. Charles Merroth, chairman of the "Y" camp committee, promises an interesting program, and an enjoyable trip for all attending.

Nat Lou Green of New Orleans writes: "My partner's two diamond bid was the Jacoby transfer. Naturally enough, he intended to pass when I bid two hearts but I decided to try a psychic two spade bid instead."

"He could not pass this bid so he responded two no-trump whereupon, I went to game."

"West's queen of diamonds was won by East's ace and the suit returned. I ducked and West was in with the eight. The jack of diamonds was allowed to hold also and the last diamond lost to my king."

"East's had to make two discards. A spade discard would have fixed me but my psychic had fooled him and he let two club go."

"Now I played ace and one club dropping the king and queen together. The queen of spades was finally led. I took the ace and cashed my last two clubs. As you can see this last club lead squeezed East; completely and no matter what he discarded the rest of the tricks were mine."

A lucky hand indeed. I cannot recommend Mr. Green's bidding of the hand but nothing succeeds like success and I congratulate him on putting across a neat swindle.

## Operating Costs At Warren State Show an Increase

HARRISBURG — Operating costs at Warren State Hospital have increased more than a half-million dollars a year, the State Auditor General's office reports.

The report was made by State Auditor General Charles C. Smith upon completion of an audit of state institution covering the fiscal year ending May 31, 1957.

Smith listed operating costs for the Warren institution as \$4,213,462.30 — an upswing of \$567,965.37 over the previous year.

The report of the examination of the hospital, now submitted to the governor, showed that expenditures exceeded receipts from patients and other sources by \$3,875,742.29. Collections totaled \$537,720.01, an increase of \$20,838.82 over the previous year.

During the fiscal year, salaries totaled \$2,783,443.59, an increase of \$307,795.29, due, the report stated, to an increase of 43 in the average number of salaried employees and the state's new compensation plan. There were 917 persons employed at the hospital.

Other increases in costs included \$91,457.61 in the amount spent for food, \$45,658.13 in materials and supplies, and \$12,411.31 additional spent for equipment and machinery. The increase in the most of materials was largely due to the increased use of new and higher priced drugs.

The audit showed that the Warren hospital, with a rated capacity of 2,509, had an average of 3,131 patients during the year, a decrease of 73 over the previous year. The report found 3,179 patients in the institution at the beginning of the year, 940 admissions, 701 return of paroled patients, 1,302 paroled during the year, 310 deaths and 120 patients discharged, leaving the net number of patients on May 31, 1957, of 3,088.

It costs \$23.95 a week per patient to operate the hospital during the year, an increase of \$3,349 per patient from the previous year. Against this, there was \$3.32 per patient per week received in income, an average of \$2.55 a week from full pay patients and 75 cents from part pay patients and the balance from other sources.

COOTIES' PROJECT  
Cooties are reminded to be at VFW post rooms Wednesday evening at 7:30 to help pack Easter baskets for veterans at Warren State Hospital.

ALLEGHENY RECORDS  
Allegheny Airlines' traffic in February accelerated its upward trend, paced by the greatest percentage increase in passenger boardings since December 1957, company officials reported today. Accompanying the 23 per cent gain in passengers enplaned was a 24 per cent increase in revenue passenger miles which surpassed the five million mark for the first February in the airline's history. Allegheny also set new February records in cargo traffic. Air Freight registered a 75 per cent gain over the 231,000 pounds carried in February 1958. Air Express boardings increased 43 per cent for an overall gain of 58 per cent in both categories of air cargo.

MEETING POSTPONED  
Members of the Warren County Council of Republican Women are reminded that the regular session scheduled for Thursday evening has been postponed until Thursday, April 2 at 7:30 p. m. in the large court room. The change was made due to Holy Week observances and the April 2 program will be announced soon.

THREE SUSPENSIONS  
According to Department of Revenue in Harrisburg, three Warren County drivers have had their driving licenses suspended for a short period. They include: Robert G. Hadley, 26 South street, financial responsibility required, indefinite; Paul A. Lucia, RD 1, Youngsville, speeding, 30-days; and Bernard D. Weisbrod, RD 2 Russell, financial responsibility required, indefinite.

## Veterans News

QUESTIONS AND ANSWERS  
Q—I know that benefits paid veterans by VA, such as GI training allowances, compensation and pension payments and the like, are tax-free and need not be reported on my Federal Income Tax form. But what about interest on GI life insurance dividends held as credit or deposit with VA? Is that taxable?

A—Yes. Any interest on dividends held as credit or deposit is taxable.

Q—I have a service-connected disability for which I draw compensation from the VA, and have just learned I should go into a VA hospital for treatment. Will I still receive my disability compensation check while in the hospital?

A—Yes. Your disability compensation will continue while in the hospital, and will be paid directly to you. Special rules, however cover special cases, such as allotments to dependents, or incompetency.

Q—My GI insurance policy has lapsed through my failure to pay the premium on the due date. How long do I have to reinstate the policy without taking a physical exam? I am in good health.

A—You have three months from the due date of your premium to reinstate your policy. You will have to submit a statement that your health is as good as it was when the policy lapsed.

Q—I am drawing death compensation from VA, as my husband died of a service-connected condition. Does the size of my outside income make any difference in my eligibility to get these payments?

A—No. Your income has no effect on your eligibility for death compensation. Income limitations, however, do apply to death pensions based on deaths not connected with military service.

## News of Hollywood

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD (AP) — The girl most likely to follow the trail blazed by Marlene Dietrich is a sexy Swede named May Britt.

May (pronounced my!) has the legs for it. She also has a provocative face half-hiding under a crop of hair that looks like a haystack (she calls it a spaghetti cut). Hers is more of a smoldering kind of beauty, unlike the coolness of her famed countrywomen, Garbo and Bergman.

All this qualifies May for the role in "The Blue Angel" which sent Dietrich on to stardom before May was born. The 1930 movie is being remade by 20th Century-Fox with Curt Jurgens playing the part created by the late Emil Jannings. May has just been officially announced to play opposite him.

When I saw her, she was between wardrobe fittings and a song recording. The latter worried her.

"In school, I always got a one-hour rest while the other children were studying music," she explained. "I wasn't allowed to join them because I always sang off-key."

This, of course, eminently qualifies her to do the Dietrich part. It looks as if May is finally getting some action on her acting career. In two years at the studio, she has made only two pictures. Her comments on them are wry. Of "The Hunters," she said, "I thought the aerial scenes were good." About "The Young Lions":

"It was a nice little part—two scenes, really."

She demonstrated her independence by turning down another part, the lead in "Fraulein." She drew a suspension for it, but she doesn't think any hard feelings remain.

May's independent air may also be due to the fact that she never yearned to be an actress in the first place. She was a model in Stockholm under her full name, Maybritt Wilkens. Carlo Ponti, producer-husband of Sophia Loren, came to town in search of actresses for his Italian films. He saw May's photo and offered her a contract. She accepted and did 11 films in Italy in six years. Then Hollywood called.
